The adequacy and sufficiency with which the licensee meets the criteria for the procedures, facilities, and equipment for conducting a horse race meeting of such duration shall rest with the commission.

2. Each licensee shall at all time maintain its grounds and facilities so as to be neat and clean, painted and in good repair, with special consideration for the comfort and safety of the public, employees, other persons whose business requires their attendance, and for the health and safety of the horses there stabled.
3. Each licensee shall honor commission exclusions from the enclosure and eject immediately any person found within the enclosure who has been excluded by the commission and report the ejection to the commission. Whenever any licensee ejects a person from the enclosure, it shall furnish a written notice to the person ejected and shall report the ejection to the commission.

5. The licensee assumes full responsibility for the method chosen to deliver the request.

C. Content of request. The licensee's request in writing shall include a statement of how the request will provide for the promotion, sustenance, and growth of a native industry, in a manner consistent with the health, safety and welfare of the people, except that the commission, in its discretion, may waive the foregoing. The request shall include the following:

1. A request, signed by an officer of the licensee, for assignment of racing days;

2. A statement of the precise nature and extent of the assignment requested including the total number of racing days requested, the dates within which the racing days are to be conducted and the dark days, the breed or breeds to be utilized, the type or types of racing to be offered, the horse racing facility where the racing days are to be conducted, the hours of racing, and the projected purse structure.

3. A detailed statement of how the request meets the criteria established in 11VAC10-20-220 C; and

4. Any other documentation the licensee deems material to ensure a complete understanding of the request.

D. Amendment of request. A licensee may at any time amend a properly submitted request for racing days for commission approval.

E. Rescission of racing days. The commission may in its discretion rescind one or more racing days assigned to a licensee, if the commission finds that the licensee has not or will not meet the terms of its license. Any days rescinded may be reassigned to another licensee.

11VAC10-20-210. Owner, owner-operator, or operator unlimited license application fee.

An applicant for an owner's, owner-operator's, or operator's license under § 59.1-375 of the Act must submit a nonrefundable application fee to the commission's designee at the time of application by a certified check or bank draft to the order of the Commonwealth of Virginia in the amount of \$10,000 to cover the cost of the background investigations mandated by § 59.1-371 of the Code of Virginia. In the event the cost of the investigation exceeds the \$10,000 application fee, the applicant must remit the amount of the difference by certified check or bank draft within 10 days after receipt of a bill from the commission.

11VAC10-20-220. Assignment of racing days.

A. Generally. The commission shall promptly consider a request for racing days and assign racing days to a licensee.

B. Consideration of requests. Upon receipt of a request for assignment or revision of racing days, the commission shall consider the request at its next regular meeting and may, in its discretion, assign the racing days as requested, modify the request, deny the request, or hold a public hearing pursuant to the following procedures.

1. If the commission deems a hearing is appropriate, the commission shall send written notice to the licensee and give due notice of the public hearing. The notice must include a brief description of the request, a statement that persons wishing to participate may do so in writing, the time and place of any public hearing on the request, and the earliest and latest date that the commission may act.

2. The licensee will be afforded the opportunity to make an oral presentation, and the licensee or its representative shall be available to answer inquiries by the commissioners.

3. Any affected parties, including horsemen, breeders, employees of the licensee, representatives of other state and local agencies will be afforded the opportunity to make oral presentations. The public may be afforded the opportunity to make oral presentations and shall be given the opportunity to submit written comments.

4. If, after a request is received, the commission determines that additional information from the licensee is necessary to fully understand the request, the commission shall direct the licensee to submit additional information.

5. If the commission further determines it is necessary for a full understanding of a request, the commission shall request the licensee or a person submitting comments to appear before the commission. The commission shall request the appearance in writing at least five days in advance.

6. If a licensee fails to comply with the foregoing, the commission may deny the request for racing days.

7. A record of the proceedings shall be kept, either by electronic means or by court reporter, and the record shall be maintained until any time limits for any subsequent court appeals have expired.

8. Three or more members of the commission are sufficient to hear the presentations. If the chairman of the commission is not present, the commissioners shall choose one from among them to preside over the hearing.

C. Criteria for assignment of racing days. The commission, in making its determination, must consider the success and integrity of horse racing; the public health and safety, and welfare; public interest, necessity and convenience; as well as the following factors:

1. The integrity of the licensee;
2. The financial resources of the licensee;
3. The ability of the licensee to conduct horse racing, including the licensee's facilities, systems, managers, and personnel;
4. Past compliance of the licensee with statutes, regulations, and orders regarding horse racing with pari-mutuel wagering privileges;
5. The licensee's market, including area, population, and demographics;
6. The performance of the horse race meeting with previously assigned dates;
7. The impact of the assignment of racing days on the economic viability of the horse racing facility including attendance and pari-mutuel handle;
8. The quantity and quality of economic development and employment generated;
9. Commonwealth tax revenues from racing and related economic activity;
10. The entertainment and recreation opportunities for residents of the Commonwealth;
11. The breeds of horse racing;
12. The quality of racing;
13. The availability and quality of horses;
14. The development of horse racing;
15. The quality of the horse racing facility;
16. Security;
17. Purses;
18. Benefits to Virginia breeders and horse owners;
19. Stability in racing dates;
20. Competition among horse racing facilities, other racing days and with other providers of entertainment and recreation as well as its effects;
21. The social effects;
22. The environmental effects;
23. Community and government support;
24. Sentiment of horsemen; and
25. Any other factors related to the assignment of racing days that the commission deems crucial to its decision-making as long as the same factors are considered with regard to all requests.

D. Assigning racing days. In assigning racing days to a licensee, the commission shall designate in writing the total number of racing days assigned, the dates within which the racing days are to

be conducted and dark days, the breed or breeds to be utilized, the type or types of racing to be offered, the horse racing facility where the racing days will be conducted, and the hours of racing.

1. The commission shall approve, deny or give its qualified approval to a request for racing days within 45 days after a public hearing, if a public hearing was held on the request.
2. Upon application by the licensee, the commission may, in its discretion, change the assignment of racing days previously made.
3. The commission shall require a bond with surety or a letter of credit in an amount it determines to be sufficient to cover any indebtedness, including but not limited to purses, awards to horsemen and moneys due the Commonwealth of Virginia, incurred by the licensee.

E. Denial of request final. The denial of a request by the commission shall be final unless appealed by the licensee under the provisions of these regulations.

11VAC10-20-230. Payment of owner and operator license fee.

An owner's or operator's license becomes effective upon the receipt by the commission of a certified check or bank draft to the order of the Commonwealth of Virginia in the amount of license fees and is suspended if the license fee is not received on or before the specified dates:

1. Owner's license: A nonrefundable fee of \$5,000 per year due and payable within 10 days of the original license being issued and on or before January 1 of each succeeding year.
2. Operator's license: A nonrefundable fee of \$100 times the number of racing days awarded in the annual application for racing days due and payable on or before January 1 of each year.

11VAC10-20-240. Transfer or acquisition of interest in owner's, owner-operator's or operator's license.

A. Generally. A licensee already holding a limited or unlimited owner's, owner-operator's or operator's license may apply to the commission to transfer its race meet or meetings to that of another horse racing facility already licensed by the commission.

B. Requirements for transfer of racing days. The licensee shall apply to the commission in writing requesting the transfer of its racing days to that of another licensee stating:

1. The reason for the transfer;
2. Why the transfer will provide for the promotion, sustenance, and growth of horse racing and breeding, in a manner consistent with the health, safety, and welfare of the Commonwealth of Virginia;
3. Why the transfer will maintain horse racing in the Commonwealth of the highest quality, and free of any corrupt, incompetent, dishonest, or unprincipled practices and maintain complete honesty and integrity;
4. Why the transfer will not adversely affect the operation of any other horse racing facility licensed by the commission;
5. That the transfer has been expressly consented to by the licensee to which the transfer is to be made;
6. That all licensees agree to be bound by the regulations and requirements placed upon it by the commission before the application for the transfer was submitted; and
7. That all licensees to whom racing days are to be transferred, have paid all and any applicable license fees for the conduct of horse racing, with pari-mutuel wagering privileges, at the particular facility or place for holding races on which the racing is to be conducted.

C. Consideration by commission. The commission will take into account the statement submitted by the licensee and any other testimony or documentation that it deems material before approving or denying the request for transfer of a race meet or meetings. The commission shall act on the application within 60 days of receipt.

D. Acquiring an interest in a licensee. Any person desiring to become a partner, member or principal stockholder of any licensee, or to acquire actual control of a licensee, whether direct or indirect, individually or in concert with others, shall apply to the commission for approval.

1. The commission may demand such information of the applicant as it finds it necessary to consider and act on the application. The application shall include all applicable disclosures required by the commission for licensure as owners or operators, as specified in 11VAC10-20-20 through 11VAC10-20-180 of this chapter. The commission shall consider the application forthwith and shall approve or deny the application within 60 days of receipt. The commission shall deny any application if in its judgment the acquisition would be detrimental to the public interest, or to the honesty, integrity, and reputation of racing.

2. The commission shall approve an application to become a partner, member or principal stockholder if the application meets the criteria set forth in the Act and subdivision 1 of this subsection.

3. The commission shall approve an application to acquire actual control of a licensee only if it finds that the applicant meets the criteria set forth in the Act, the criteria set forth in subdivision 1 of this subsection for a partner, member or principal stockholder, and the criteria set forth in this subdivision.

a. If an applicant proposes to acquire actual control of a licensee, such person shall submit to the commission:

(1) The applicant's proposal for the future operation of any existing or planned racetrack, or satellite facility owned or operated by the licensee;

(2) Such additional information as the applicant desires; and

(3) Such information as may be required by the commission to assure the commission that the licensee, under the actual control of such person, will have the experience, expertise, financial responsibility and commitment to comply with:

(a) The provisions of the Act;

(b) Commission regulations and orders;

(c) The requirements for the continued operation of the licensee pursuant to the terms and conditions in effect on the date of the application of all licenses held by the licensee;

(d) Any existing contract with a recognized majority horsemen's group; and

(e) Any proposal submitted to the commission by such person.

b. Any such acquisition of control without prior approval of the commission shall be voidable by the commission and, in such instance, the commission may revoke any license it has issued to such licensee, order compliance with this subsection, or take such other action as may be appropriate within the authority of the commission.

Part III
Pari-Mutuel Wagering

11VAC10-20-260. Generally.

All permitted wagering shall be under a pari-mutuel wagering system whereby the holders of winning tickets divide the total amount wagered, less retainage, in proportion to the sums they have wagered individually. All other systems of wagering other than pari-mutuel, e.g., bookmaking and auction-pool selling, are prohibited and any person participating or attempting to participate in prohibited wagering shall be excluded from the enclosure or satellite facility.

A. Persons under the age of 18 are prohibited from wagering. No person under the age of 18 shall be permitted by any licensee to purchase or cash a pari-mutuel ticket. No employee of the licensee shall knowingly sell or cash any pari-mutuel ticket for a person under the age of 18.

B. Posted order of finish. Payment of valid pari-mutuel tickets shall be made on the basis of the order of finish as posted on the display devices and declared "official" by the stewards. Any subsequent change in the order of finish or award of purse money as may result from a ruling by the stewards or commission shall in no way affect the pari-mutuel payout.

C. Errors in payment. The licensee shall be responsible for the correctness of all payouts posted as "official" on the display devices. If an error is made in posting the payout figures on the display devices and discovered before any tickets are cashed, the error shall be corrected accompanied by a public address announcement, and only the correct amounts shall be used in the payout, irrespective of the initial error on the display devices.

1. The licensee shall compare the two independent final pool totals and payouts calculated by the totalizator prior to posting them on the display devices.

2. If an error is made in posting the payout figures on the display devices and discovered after tickets have been cashed, where the public is underpaid, the amount of the underpayment shall be added to the same pool immediately following. Where the public is overpaid, the amount of the overpayment shall be absorbed by the licensee.

3. If any underpayment is discovered after the close of the horse race meeting or an opportunity does not exist to add the amount of the underpayment to the same pool, the total underpayment shall be placed in an interest-bearing account and added to the same pool at the next race meeting of the same breed.

D. Minimum wagers. The minimum wager for straight wagering shall be \$2.00. The licensee may determine the minimum wager for multiple wagering, which shall be no less than \$.10.

E. Minimum payouts. The licensee shall pay to the holder of any ticket entitling the holder to participate in the distribution of a pari-mutuel pool the amount wagered by the holder plus a minimum profit of 5.0% or \$.01, whichever is greater. If such a payout creates a deficiency in the pari-mutuel pool, the licensee shall make up the deficiency from its share of the pari-mutuel wagering.

The licensee, with the approval of the stewards, may bar wagering on a horse or entry in any or all pari-mutuel pools in a stakes race, handicap, futurity or other special event where the licensee has good and sufficient reason to believe that accepting wagers on the horse or entry may result in a deficiency or minus pool. The decision to bar wagering on a horse or entry shall be announced publicly before wagers are accepted on that race.

F. Posting of regulations. A general explanation of this chapter may be posted for the benefit of the public in the wagering areas of the enclosure and satellite facilities.

G. Identification of holder. The licensee shall require positive identification of a holder of a valid winning pari-mutuel ticket before the payment when, in the stewards' discretion, circumstances warrant this action.

H. Wagers placed in cash. The licensee shall only accept wagers placed in cash or vouchers and then only at the racetrack or satellite facilities. It shall be the responsibility of the licensee to instruct the mutuel clerks to accept wagers on a "cash only" basis.

11VAC10-20-270. Request for types of pari-mutuel pools.

A. Generally. Each licensee shall submit a request in writing to the commission for approval of the types of pari-mutuel wagering pools that are to be offered to the public during the horse race meeting. The request for approval of types of pari-mutuel wagering pools shall be submitted to the commission in writing no less than 30 days before the scheduled opening day of the horse race meeting.

B. Content of request. The licensee's request in writing shall include a statement of how the request will provide for the promotion, sustenance and growth of a native industry, in a manner consistent with the health, safety and welfare of the people, except that the commission, in its discretion, may waive the foregoing.

11VAC10-20-280. Approval of pools.

A. Generally. The commission shall promptly consider a request for types of pari-mutuel wagering pools.

B. Consideration of requests. Upon receipt of a request for approval or modification of types of pari-mutuel wagering pools, the commission shall consider the request at its next regularly scheduled meeting, and may, in its discretion, approve the types of pari-mutuel wagering pools as requested, modify the request, or deny the request.

C. Criteria for approval of pools. The commission, in making its determination, must consider the success and integrity of horse racing; the public health and safety, and welfare; and public interest, necessity, and convenience.

11VAC10-20-290. Pari-mutuel tickets.

A. Generally. A valid pari-mutuel ticket is evidence of a contribution to the pari-mutuel pool operated by the licensee and is evidence of the obligation of the licensee to pay to the holder the portion of the distributable amount of the pari-mutuel pool as is represented by the ticket.

B. Valid pari-mutuel tickets. To be deemed a valid pari-mutuel ticket, the ticket must have been issued by a pari-mutuel ticket machine operated by the licensee and recorded as a ticket entitled to a share of the pari-mutuel pool, and contain imprinted information as to:

1. The name of the licensee;
 2. A unique identifying number or code;
 3. The name of the track at which the wager is placed;
 4. Identification of the terminal at which the ticket was issued;
 5. A designation of the racing day for which the wagering transaction was issued;
 6. The race number for which the pool was conducted;
 7. The types or types of wagers represented;
 8. The number or numbers representing the wagering interests for which the wager was made;
- and

9. The amount or amounts of the contributions to the pari-mutuel pool or pools for which the ticket is evidence.

C. Ticket cancellation. All tickets with a total value of \$250 or less on live or simulcast races may be cancelled at any window at any time prior to post time for that race. All tickets exceeding \$250 may also be cancelled at any time prior to post time for the race on which the wager was made. However, this cancellation requires the approval of the mutuel manager or his designee. It shall be the responsibility of the mutuel manager or his designee to determine if the approval of the cancellation will considerably alter or manipulate the pari-mutuel pool, and a written report must be submitted to the commission.

D. Invalid claims. There shall be no refunds or payouts for lost or destroyed tickets, or tickets which have been mutilated beyond identification.

E. Identification of tickets. The responsibility for identifying valid pari-mutuel tickets rests with the licensee.

F. Limits on cashing tickets. Payment on valid pari-mutuel tickets, including tickets where refunds are ordered, shall be made only upon presentation and surrender of valid pari-mutuel tickets to the licensee within 180 days after the purchase of the ticket. Failure to present any valid pari-mutuel ticket to the licensee within 180 days after the purchase of the ticket shall constitute a waiver of the right to payment.

11VAC10-20-300. Operations of the mutuel department.

A. Generally. Each licensee shall strive to keep the daily program of racing progressing as expeditiously as possible with due regard for the health, safety, and comfort of the public and participants. The licensee shall provide a sufficient number of mutuel windows and clerks so that the public will be conveniently accommodated.

B. Post time. Post time for the first race on each racing day shall be approved by the commission upon written request by the licensee. Post time for subsequent races on the same program shall be fixed by the mutuel manager. Where heat racing is utilized in harness racing, the time between separate heats of a single race shall not be less than 40 minutes.

C. Termination of wagering. The pari-mutuel machines shall be locked by a steward immediately upon the start of the race through an electrical control in the stewards' stand or before the start of a race through a method subject to the approval of the commission.

D. Unwarranted delays. If the start of the race is delayed two minutes or more beyond the official post time, as shown on the display devices, for no good reason, the stewards may, in their discretion, lock the ticket-issuing machines.

E. Commencement of wagering. Mutuel windows shall open no less than 30 minutes before the first race. Cashing of tickets shall begin, and selling shall resume, as soon as possible after the official results of a race have been posted on the display devices.

F. Interruptions of wagering. If, for any reason, including a malfunction of the totalizator, the ticket-issuing machines are locked during the wagering on a race before the start, they shall remain locked until after the race. Wagering shall cease on that race, and the payout for that race shall be computed on the sums then wagered in each pool. However, in the event the ticket-issuing machines are inadvertently locked through some human error or mechanical problem, the ticket-issuing machines shall be reopened only on the approval of the stewards, if the system balances when it is again operational.

G. Conclusion of wagering. No pari-mutuel tickets may be sold after the totalizator has been locked, and the licensee shall not be responsible for pari-mutuel ticket sales entered into but not completed by issuance of a ticket before the totalizator has been locked.

H. Designated windows. No pari-mutuel tickets shall be sold except by the licensee, and pari-mutuel tickets shall only be sold at regular windows properly designated by signs and freestanding self-service or ticket issuing devices.

I. Compliance with tax regulations. All payouts on winning tickets shall be subject to withholding of federal and state taxes when the amount of the payout exceeds the dollar threshold set by the U.S. Internal Revenue Service. In those cases where the payouts require identification and deduction of withholding taxes prior to cashing pari-mutuel tickets to holders, the licensee shall comply with the applicable regulations of the Internal Revenue Service and the statutes of the Commonwealth of Virginia requiring identification and deduction of withholding taxes.

J. Emergency situations. If any emergency arises in connection with the operation of the mutuel department at a racetrack or satellite facility and the emergency is not covered by these regulations and an immediate decision is necessary, the mutuel manager shall make the decision, and make a prompt report of the facts to the stewards and the commission.

K. Simulcast pools. When wagers are commingled at a racetrack in another jurisdiction, the licensee shall make payouts on winning wagers at the price posted at the racetrack where the live race took place. However, once wagering has commenced and circumstances prevent commingling some or all of the wagers to the racetrack in the other jurisdiction, the licensee, through a previously established written policy approved by the commission, shall:

1. Pay prices posted by the racetrack in the other jurisdiction;
2. Establish its own pools using the wagers that were not commingled with the racetrack in the other jurisdiction;
3. Refund all wagers, if an announcement is made not less than two minutes prior to the post time that commingling cannot be accomplished and the circumstances involve only one race; or
4. Refund all wagers, if the wager involves more than one race and an announcement that commingling cannot be accomplished by the start of the first race or not more than 10 minutes after the finish of the first race of the wager, unless there is a payout due a wager as a result of the first race.

11VAC10-20-310. Wagering interests.

A. Generally. The licensee shall be responsible for the coupling of horses for wagering purposes in accordance with these regulations and shall provide wagering opportunities in accordance with the success and integrity of horse racing as well as the public interest.

B. Coupled entries. When two or more horses run in a race and are coupled for wagering purposes, a wager on one of the horses shall be a wager on all of them. The horses so coupled are called "an entry."

C. Mutuel field. When the individual horses competing in a race exceed the numbering capacity of the display devices, the highest numbered horses within the capacity of the display devices and all horses of a higher number shall be grouped together and called the "mutuel field," and a wager on one of them shall be a wager on all of them.

D. Pools dependent upon wagering interests. Unless the commission otherwise provides, at the time the pools are opened for wagering, the licensee:

1. Shall offer win wagering on all contests with three or more betting interests.

2. Shall offer place wagering on all contests with four or more betting interests.
3. Shall offer show wagering on all contests with five or more betting interests.
4. May offer quinella wagering on all contests with three or more betting interests.
5. May offer quinella double wagering on all contests with three or more betting interests.
6. May offer exacta wagering on all contests with two or more betting interests.
7. May offer trifecta wagering on all contests with three or more betting interests.
8. May offer superfecta wagering on all contests with four or more betting interests.
9. Shall not offer twin trifecta wagering on any contests with six or less betting interests.

E. Steward's approval. Once pools are opened for wagering, no changes to or cancellations of the betting pools shall be made without prior approval of the stewards.

F. Extraordinary circumstances. In extraordinary circumstances, discretion is vested in the stewards to cancel any trifecta, exacta, quinella, or any other multiple wager pool, and assign multiple wagering pools to other races when the stewards believe it would best maintain in horse racing complete honesty and integrity.

G. Stake races and special events. In the case of stake races, handicaps, futurities, and other special events, the licensee may offer any straight and multiple wagering pools regardless of the number of wagering interest upon submission of a request in writing to the commission and approval from the commission or its executive secretary.

11VAC10-20-320. Straight wagering.

A. Generally. Win, place, and show pari-mutuel wagering pools shall be considered "straight wagering." In any race, the win, place, and show pools are treated separately, and the distribution of the profits are calculated independently of each other. The "net pool" to be distributed as profit shall be all sums wagered in the pool, less retainage and breakage, as defined elsewhere in these rules.

B. Win pools. The amount wagered to win on the horse or wagering interest which finished first is deducted from the net pool and the balance which remains is profit. The profit is divided by the amount wagered on the horse or wagering interest finishing first, this quotient being the profit per dollar wagered to win. The return to the holder includes the amount wagered and the profit. In addition, the following provisions apply to win pools:

1. If there is a dead heat for first involving two horses of two different wagering interests, the net win pool shall be distributed as if it were a place pool. If the dead heat involves horses of three wagering interests, the net win pool is distributed as if it were a show pool; and
2. If no win ticket is sold on the horse which finishes first, then the net win pool is distributed to the holders of win tickets on the horse or wagering interest finishing second. If no such ticket is sold, then the licensee shall make a prompt refund.

C. Place pools. The amounts wagered to place on the first two horses to finish are deducted from the net place pool and the balance which remains is profit. The profit is divided into two equal amounts; one-half of the profit is divided by the amount wagered to place on the first finisher, this quotient being the profit per dollar wagered to place on the first finisher; and one-half of the profit is divided by the amount wagered to place on the second finisher, this quotient being the profit per dollar wagered to place on the second finisher. The return to the holder includes the amount wagered and the profit.

1. If there is a dead heat for first between horses representing the same wagering interest, the net place pool is distributed as if it were a win pool. If the dead heat is between horses representing two different wagering interests, the place pool is distributed as if one wagering interest finished first and the other finished second. If the dead heat is among horses representing three different wagering interests, the net place pool is distributed as if it were a show pool.

2. If there is a dead heat for second between horses representing the same wagering interest, the net place pool is distributed as if no dead heat occurred. If the dead heat for second is between horses representing two or more wagering interests, the net place pool is divided in half, with one-half allocated to the horse finishing first and the other one-half divided equally so as to allocate one-fourth of the net place pool for wagers to place on each of the two horses finishing in a dead heat for second, or one-sixth of the net place pool for wagers to place on each of three horses finishing in a dead heat for second.

3. If the first and second finishers comprise a single wagering interest, the net place pool is distributed as if it were a win pool.

4. If no place ticket is sold on a horse which finishes first or second, then the horse which finished third shall replace that horse in the distribution of wagers in the net place pool. If no such ticket is sold, then the licensee shall make a prompt refund.

D. Show pools. The amounts wagered to show on the first three horses to finish are deducted from the net pool to determine the profit. The profit is divided into three equal amounts. One-third of the net show pool is divided by the amount wagered to show on the first finisher, the quotient being the profit per dollar wagered to show on the first finisher; one-third of the net show pool is divided by the amount wagered to show on the second finisher, the quotient being the profit per dollar wagered to show on the second finisher; and one-third of the profit is divided by the amount wagered to show on the third finisher, the quotient being the profit per dollar wagered to show on the third finisher. The return to the holder includes the amount wagered and the profit.

1. If there is a dead heat for first between two horses involving different wagering interests, or three horses involving three different wagering interests, the show pool is distributed as if no dead heat occurred. If the dead heat for first is between two horses including the same wagering interest, two-thirds of the profit is allocated to wagers to show on the coupled wagering interest and one-third of the profit is allocated to wagers to show on the other horse among the first three finishers. If the dead heat for first is among three horses including one wagering interest, the show pool is distributed as if it were a win pool.

2. If there is a dead heat for second between two horses including different wagering interests, the show pool is distributed as if no dead heat occurred. If the dead heat for second is between horses including the same wagering interest, two-thirds of the net show pool shall be allocated to wagers to show on the coupled wagering interest and one-third of the profit shall be allocated to wagers to show on the horse finishing first. If the dead heat for second is among three horses involving two or three wagering interests, one-third of the net show pool is allocated to wagers to show on the horse finishing first and the remaining two-thirds of the net show pool is divided equally by the number of wagering interests finishing in a dead heat for second for proportionate distribution on wagers to show for each wagering interest finishing in a dead heat for second.

3. If there is a dead heat for third between horses involving the same wagering interests, the net show pool is distributed as if no dead heat occurred. If the dead heat for third is among horses involving two or more wagering interests, two-thirds of the net show pool shall be allocated to wagers to show on the first two finishers and the remaining one-third of the net show pool is divided equally by the number of wagering interests finishing in a dead heat for third for

proportionate distribution on wagers to show for each wagering interest finishing in a dead heat for third.

4. If the first three horses to finish comprise one wagering interest, the net show pool shall be distributed as if it were a win pool. If two horses coupled as a single wagering interest finish first and second, or first and third, or second and third, two-thirds of the net show pool shall be allocated to wagers to show on the single wagering interest and one-third of the net show pool shall be allocated to wagers on the other horse among the first three finishers.

5. In the event one horse coupled in the wagering by reason of being in the mutuel field or part of a mutuel entry finishes first or second and another horse included in the same wagering interest finishes in a dead heat for third, the allocation of the net show pool shall be:

One-half of the net show pool shall be allocated to the wagers on the field or entry, one-third of the net show pool shall be allocated to the horse finishing first or second, and one-sixth of the net show pool allocated for the horse finishing in a dead heat for third. The remaining one-sixth of the net show pool shall be allocated to wagers on the horse, which was not a part of the mutuel field or entry, finishing in a dead heat for third.

6. In the event only two horses finish, the net show pool, if any, shall be distributed as if it were a place pool. If only one horse finishes, the net show and place pools, if any, shall be distributed as if it were a win pool.

7. If, in the event no show ticket is sold on a horse which finishes first, or second, or third, then, the horse which finished fourth shall replace that horse in the distribution of wagers in the show pool. If no such ticket is sold, then the licensee shall make a prompt refund.

11VAC10-20-330. Multiple wagering.

A. Generally. Daily double, quinella, exacta, trifecta, quinella double, pick (n), twin trifecta, and superfecta pari-mutuel wagering pools shall be considered "multiple wagering." In any race or races, the daily double, quinella, exacta, trifecta, quinella double, pick (n), twin trifecta, and superfecta pools are treated separately and the distribution of the pools are calculated independently of each other. The "net pool" to be distributed shall be all sums wagered in the pool, less retainage and breakage, as defined elsewhere.

B. Daily double pools. The daily double wager is the purchase of a pari-mutuel ticket to select the two horses that will finish first in the two races specified as the daily double. If either of the selections fails to win, the pari-mutuel ticket is void, except as otherwise provided. The amount wagered on the winning combination, the horse or wagering interest which finishes first in the first race coupled with the horse or wagering interest finishing first in the second race of the daily double, is deducted from the net pool to determine the profit. The profit is divided by the amount wagered on the winning combination, the quotient being the profit per dollar wagered on the winning daily double. The return to the holder includes the amount wagered and the profit. In addition, the following provisions apply to daily double pools:

1. If there is a dead heat for first including two different wagering interests in one of the two daily double races, the daily double pool is distributed as if it were a place pool, with one-half of the net pool allocated to wagers combining the single winner of one daily double race and one of the wagering interests involved in the dead heat in the other daily double race, and with the other one-half of the net pool allocated to the wagers combining the single winner of one daily double race and the other wagering interest involved in the dead heat in the other daily double race.

2. If there are dead heats for first involving different wagering interests in each of the daily double races which result in winning combinations, the net pool shall be allocated equally to the

winning combinations after first deducting from the net pool the amount wagered on all winning combinations for proportionate allocation to the winning daily double combinations.

3. If no daily double ticket is sold combining the horse or wagering interest which finishes first in one of the daily double races, the daily double pool is distributed as if it were a win pool, with the net pool allocated to wagering combinations which include the horse or wagering interest which finished first in one of the daily double races.

4. If no daily double ticket is sold combining the horses or wagering interests which finish first in both the first and second race of the daily double, then the winning combinations for distribution of the daily double profit shall be that combining the horses or wagering interests which finished second in each of the daily double races.

5. If, after daily double wagering has begun, a horse not coupled with another as a wagering interest in the first race of the daily double is excused by the stewards or is prevented from obtaining a fair start, then daily double wagers combining the horse shall be deducted from the daily double pool and shall be promptly refunded.

6. If, after the first race of the daily double has been run, a horse not coupled with another as a wagering interest in the second race of the daily double is excused by the stewards or prevented from obtaining a fair start, then daily double wagers combining the winner of the first daily double race with the horse, which was excused or was prevented from obtaining a fair start, shall be allocated a consolation daily double.

7. Consolation daily double payoffs shall be determined by dividing the net daily double pool by the amount wagered combining the winner of the first daily double race with every horse or wagering interest scheduled to start in the second daily double race, the quotient being the consolation payoff per dollar wagered combining the winner of the first daily double race with the horse prevented from racing in the second daily double race. The return to the holder includes the amount wagered and the profit. The consolation payoff shall be deducted from the net daily double pool before calculation and allocation of wagers on the winning daily double combination.

8. If for any reason the first race of the daily double is cancelled and declared "no contest" a full and complete refund shall be promptly made of the daily double pool.

9. If for any reason the second race of the daily double is cancelled and declared "no contest," the net daily double pool shall be paid to the holders of daily double tickets which include the winner of the first race. If no such ticket is sold, then the net daily double pool shall be paid to the holders of daily double tickets which include the second place horse. If no daily double tickets were sold on the second place horse, then the licensee shall make a prompt refund.

C. Quinella pools. The quinella wager is the purchase of a pari-mutuel ticket to select the first two horses to finish in the race. The order in which the horses finish is immaterial. The amount wagered on the winning combination, the first two finishers irrespective of which horse finishes first and which horse finishes second, is deducted from the net pool to determine the profit. The net pool is divided by the amount wagered on the winning combination. The return to the holder includes the amount wagered and the profit. In addition, the following provisions apply to the quinella pools:

1. If there is a dead heat for first between horses including two different wagering interests, the net quinella pool is distributed as if no dead heat occurred. If there is a dead heat among horses involving three different wagering interests, the net quinella pool is distributed as if it were a show pool and the pool is allocated to wagers combining any of the three horses finishing in the dead heat for first.

2. If there is a dead heat for second between horses including two different wagering interests, the net quinella pool is distributed as if it were a place pool and it is allocated to wagers combining the first finisher with either horse finishing in a dead heat for second. If the dead heat is among horses involving three different wagering interests, the net quinella pool is distributed as if it were a show pool and it is allocated to wagers combining the first horse with each of the three horses finishing in a dead heat for second.

3. If horses representing a single wagering interest finish first and second, the net quinella pool shall be allocated to wagers combining the single wagering interest with the horse or wagering interest with the horses or wagering interest which finishes third.

4. If no quinella ticket is sold combining the first finisher with one of the horses finishing in a dead heat for second, then the net quinella pool is allocated to wagers combining the first finisher with the other horse finishing in a dead heat for second.

5. If no quinella ticket is sold combining the first finisher with either of the horses finishing in a dead heat for second, then the net quinella pool is allocated to wagers combining the two horses which finished in the dead heat for second.

6. If no quinella ticket is sold combining the first finisher with either of the horses finishing in a dead heat for second, or combining the two horses which finished in a dead heat for second, the net quinella pool is distributed as if it were a show pool and it is allocated to wagers combining any of the first three finishers with any other horses.

7. If no quinella ticket is sold combining the first two finishers, then the net quinella pool shall be distributed as if it were a place pool and it is allocated to wagers combining the first finisher with any other horses and to wagers combining the second finisher with any other horse.

8. If no quinella ticket is sold combining horses or wagering interests as would require distribution, a full and complete refund shall be made of the entire quinella pool.

9. If a horse is excused by the stewards, no further quinella tickets shall be issued designating that horse, and all quinella tickets previously issued designating that horse shall be refunded and deducted from the gross pool.

D. Exacta pools. The exacta wager is the purchase of a pari-mutuel ticket to select the two horses that will finish first and second in a race. Payment of the ticket shall be made only to the purchaser who has selected the same order of finish as officially posted. The amount wagered on the winning combination, the horse finishing first and the horse finishing second, in exact order, is the amount to be deducted from the net exacta pool to determine the profit. The profit is divided by the amount wagered on the winning combination, the quotient being the profit per dollar wagered on the winning exacta combination. The return to the holder includes the amount wagered and the profit. In addition, the following provisions apply to the exacta pool:

1. If no ticket is sold on the winning combination of an exacta pool, the net exacta pool shall be distributed equally between holders of tickets selecting the winning horse to finish first and holders of tickets selecting the second place horse to finish second.

2. If there is a dead heat between two horses for first place, the net exacta pool shall be calculated and distributed as a place pool, one-half of the net exacta pool being distributed to holders of tickets selecting each of the horses in the dead heat to finish first with the other horse to finish second.

In case of a dead heat between two horses for second place, the net exacta pool shall be calculated as a place pool, one-half of the net exacta pool being distributed to holders of tickets selecting the horse to finish first and one horse in the dead heat, and the other one-half being distributed to holders selecting the horse to finish first and the other horse in the dead heat.

3. If there is a dead heat for second place and if no ticket is sold on one of the two winning combinations, the entire net exacta pool shall be calculated as a win pool and distributed to holders of the other winning combination. If no tickets combine the winning horse with either of the place horses in the dead heat, the net exacta pool shall be calculated and distributed as a place pool to holders of tickets representing any interest in the net pool.

4. If an entry finishes first and second, or mutuel field horses finish first and second, the net pool shall be distributed to holders of tickets selecting the entry to win combined with the horses having finished third.

5. If no ticket is sold that would require distribution of an exacta pool, the licensee shall make a complete and full refund of the exacta pool.

6. If a horse is excused by the stewards, no further exacta tickets shall be issued designating that horse, and all exacta tickets previously issued designating that horse shall be refunded and deducted from the gross pool.

E. Trifecta pools. The trifecta wager is purchase of a pari-mutuel ticket to select the three horses that will finish first, second, and third in a race. Payment of the ticket shall be made only to the holder who has selected the same order of finish as officially posted. The amount wagered on the winning combination, the horse finishing first, the horse finishing second, and the horse finishing third, in exact order, is deducted from the pool to determine the profit. The profit is divided by the amount wagered on the winning combination, the quotient being the profit per dollar wagered on the winning combination. The return to the holder includes the amount wagered and the profit.

1. If no ticket is sold on the winning combination, the net trifecta pool shall be distributed equally among holders of tickets designating the first two horses in order.

2. If no ticket is sold designating, in order, the first two horses, the net trifecta pool shall be distributed equally among holders of tickets designating the horse to finish first.

3. If no ticket is sold designating the first horse to win, the net trifecta pool shall be distributed equally among holders of tickets designating the second and third horses in order. If no such ticket is sold, then the licensee shall make a prompt refund.

4. If less than three horses finish, the payout shall be made on tickets selecting the actual finishing horses, in order, ignoring the balance of the selection.

5. If there is a dead heat, all trifecta tickets selecting the correct order of finish, counting a horse in a dead heat as finishing in either position involved in the dead heat, shall be winning tickets. The net trifecta pool shall be calculated as a place pool.

6. If a horse is excused by the stewards, no further trifecta tickets shall be issued designating that horse, and all trifecta tickets previously issued designating the horse shall be refunded and deducted from the gross pool.

F. Quinella double pools. The quinella double requires selection of the first two finishers, irrespective of order, in each of two specified races.

1. The net quinella double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

a. If a coupled entry or mutuel field finishes as the first two contestants in either race, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate wagering interest in the official order of finish for that race, as well as the first two finishers in the alternate quinella double race; otherwise

- b. As a single price pool to those who selected the first two finishers in each of the two quinella double races; but if there are no such wagers, then
 - c. As a profit split to those who selected the first two finishers in either of the two quinella double races; but if there are no such wagers on one of those races, then
 - d. As a single price pool to those who selected the first two finishers in the one covered quinella double race; but if there were no such wagers, then
 - e. The entire pool shall be refunded on quinella double wagers for those races.
2. If there is a dead heat for first in either of the two quinella double races involving:
 - a. Horses representing the same wagering interest, the quinella double pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate wagering interest in the official order of finish for that race.
 - b. Horses representing two wagering interests, the quinella double pool shall be distributed as if no dead heat occurred.
 - c. Horses representing three or more wagering interests, the quinella double pool shall be distributed as a profit split.
 3. If there is a dead heat for second in either of the quinella double races involving horses representing the same wagering interest, the quinella double pool shall be distributed as if no dead heat occurred.
 4. If there is a dead heat for second in either of the quinella double races involving horses representing two or more wagering interests, the quinella double pool shall be distributed as profit split.
 5. Should a wagering interest in the first half of the quinella double be scratched prior to the first quinella pool race being declared official, all money wagered on combinations including the scratched wagering interest shall be deducted from the quinella double pool and refunded.
 6. Should a wagering interest in the second half of the quinella double be scratched prior to the close of wagering on the first quinella double contest, all money wagered on combinations including the scratched wagering interest shall be deducted from the quinella double pool and refunded.
 7. Should a wagering interest in the second half of the quinella double be scratched after the close of wagering on the first quinella double race, all wagers combining the winning combination in the first race with a combination including the scratched wagering interest in the second race shall be allocated a consolation payout. In calculating the consolation payout, the net quinella double pool shall be divided by the total amount wagered on the winning combination in the first race and an unbroken consolation price obtained. The unbroken consolation price is multiplied by the dollar value of wagers on the winning combination in the first race combined with a combination including the scratched wagering interest in the second race to obtain the consolation payout. Breakage is not declared in this calculation. The consolation payout is deducted from the net quinella double pool before calculation and distribution of the winning quinella double payout. In the event of a dead heat involving separate wagering interests, the net quinella double pool shall be distributed as a profit split.
 8. If either of the quinella double races is cancelled prior to the first quinella double race or the first quinella double race is declared "no contest," the entire quinella double pool shall be refunded on quinella double wagers for those races.

9. If the second quinella double race is cancelled or declared "no contest" after the conclusion of the first quinella double race, the net quinella double pool shall be distributed as a single price pool to wagers selecting the winning combination in the first quinella double race. If there are no wagers selecting the winning combination in the first quinella double race, the entire quinella double pool shall be refunded on quinella double wagers for those races.

G. Pick (n) pools. The pick (n) pool requires selection of the first-place finisher in each of a designated number of races. The licensee must obtain approval from the commission or its executive secretary concerning the scheduling of pick (n) contests, the designation of one of the methods prescribed in subdivision 1 of this subsection and the amount of any cap to be set on the carryover. Any changes to the approved pick (n) format require prior approval from the commission or its executive secretary.

1. The pick (n) pool shall be apportioned under one of the following methods:

a. Method 1, pick (n) with carryover. The net pick (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first-place finisher in each of the pick (n) races, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) races; and the remainder shall be added to the carryover.

b. Method 2, pick (n) with minor pool and carryover. The major share of the net pick (n) pool and carryover, if any, shall be distributed to those who selected the first-place finisher in each of the pick (n) races, based upon the official order of finish. The minor share of the net pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of pick (n) races, based upon the official order of finish. If there are no wagers selecting the first-place finisher of all pick (n) contests, the minor share of the pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) races; and the major share shall be added to the carryover.

c. Method 3, pick (n) with no minor pool and no carryover. The net pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) races, based upon the official order of finish. If there are no winning wagers, the pool is refunded.

d. Method 4, pick (n) with minor pool and no carryover. The major share of the net pick (n) pool shall be distributed to those who selected the first place finisher in the greatest number of pick (n) races, based upon the official order of finish. The minor share of the net pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of pick (n) races, based upon the official order of finish. If there are no wagers selecting the first-place finisher in a second greatest number of pick (n) races, the minor share of the net pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) races. If the greatest number of first-place finishers selected is one, the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.

e. Method 5, pick (n) with minor pool and no carryover. The major share of net pick (n) pool shall be distributed to those who selected the first-place finisher in each of the pick (n) races, based on the official order of finish. The minor share of the net pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of pick (n) races, based upon the official order of finish. If there are no wagers selecting the first-place finisher in all pick (n) races, the entire net pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) races. If there are no wagers selecting the

first-place finisher in a second greatest number of pick (n) races, the minor share of the pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in each of the pick (n) races. If there are no winning wagers, the pool is refunded.

f. Method 6, pick (n) with minor pool, jackpot, major carryover and jackpot carryover. Predetermined percentages of the net pick (n) pool shall be set aside as a major pool, minor pool, and jackpot pool. The major share of the net pick (n) pool and the major carryover, if any, shall be distributed to those who selected the first-place finisher of each of the pick (n) races, based on the official order of finish. If there are no tickets selecting the first-place finisher in each of the pick (n) races, the major net pool shall be added to the major carryover. If there is only one single ticket selecting the first-place finisher of each of the pick (n) races, based on the official order of finish, the jackpot share of the net pick (n) pool and the jackpot carryover, if any, shall be distributed to the holder of that single ticket, along with the major net pool and the major carryover, if any. If more than one ticket selects the first-place finisher of each of the pick (n) races, the jackpot net pool shall be added to the jackpot carryover. The minor share of the net pick (n) pool shall be distributed to those who selected the first-place finisher of the second greatest number of pick (n) races, based on the official order of finish. If there are no wagers selecting the first-place finisher of all pick (n) races, the minor net pool of the pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher of the greatest number of pick (n) races.

2. If there is a dead heat for first in any of the pick (n) races involving:

a. Horses representing the same wagering interest, the pick (n) pool shall be distributed as if no dead heat occurred.

b. Horses representing two or more wagering interests, the pick (n) pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.

3. Should a wagering interest in any of the pick (n) races be scratched, the actual favorite, as evidenced by total amounts wagered in the win pool at the host track for the race at the close of wagering on that race, shall be substituted for the scratched wagering interest for all purposes, including pool calculations. In the event that the win pool total for two or more favorites is identical, the substitute selection shall be the wagering interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted wagering interests which became winners as a result of the substitution, in addition to the normal winning combination. When the condition of the racecourse warrants a change of racing surface in any of the legs of a pick (n) with four or more races included, and such change has not been known to the public prior to the close of wagering for the pick (n) pool, the stewards shall declare the changed leg(s) an "all win" race(s) for pick (n) wagering purposes only. An "all win" race(s) will assign the winner of that race(s) to each pick (n) ticket holder as their selection for that race.

4. The pick (n) pool shall be cancelled and pick (n) wagers for the individual performance shall be refunded if:

a. At least two races included as part of a pick three are cancelled or declared "no contest."

b. At least three races included as part of a pick four, pick five or pick six are cancelled or declared "no contest."

c. At least four races included as part of a pick seven, pick eight or pick nine are cancelled or declared "no contest."

d. At least five races included as part of a pick 10 are cancelled or declared "no contest."

5. If at least one race included as part of a pick (n) is cancelled or declared "no contest," but not more than the number specified in subdivision 4 of this subsection, the net pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of pick (n) races for that program. The distribution shall include the portion ordinarily retained for the pick (n) carryover but not the carryover from previous performances.

6. The pick (n) carryover may be capped at a designated level approved by the commission so that if, at the close of any program, the amount in the pick (n) carryover equals or exceeds the designated cap, the pick (n) carryover will be frozen until it is won or distributed under other provisions of this chapter. After the pick (n) carryover is frozen, 100% of the net pool, part of which ordinarily would be added to the pick (n) carryover, shall be distributed to those whose selection finished first in the greatest number of pick (n) races for that program.

7. A licensee may request permission from the commission to distribute the pick (n) carryover on a specific program. The request must contain justification for the distribution, an explanation of the benefit to be derived and the intended date and program for the distribution.

8. Should the pick (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first-place finisher in each of the pick (n) races, the entire pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of pick (n) races. The pick (n) carryover shall be designated for distribution on a specified date and program only under the following circumstances:

- a. Upon approval from the commission as provided in subdivision 7 of this subsection;
- b. Upon approval from the commission when there is a change in the carryover cap, a change from one type of pick (n) wagering to another, or when the pick (n) is discontinued;
- c. On the closing program of a race meeting.

9. If, for any reason, the pick (n) carryover must be held to the corresponding pick (n) pool to a subsequent race meeting, the carryover shall be deposited in an interest-bearing account approved by the commission. The pick (n) carryover plus accrued interest shall then be added to the net pick (n) pool on a date and program of the race meeting designated by the commission.

10. With the approval of the commission, a licensee may contribute to the pick (n) carryover a sum of money up to the amount of any designated cap.

11. Providing information to any person regarding the covered combinations, amounts wagered on specific combinations, number of tickets sold or number of live tickets remaining is strictly prohibited. This chapter shall not prohibit necessary communication between totalizator and mutuel employees for processing of pool data.

12. The licensee may suspend previously approved pick (n) wagering with the approval of the commission. Any carryover shall be held until the suspended pick (n) wagering is reinstated. The licensee may request approval of a pick (n) wager or separate wagering pool for specific programs.

H. Superfecta pools. The superfecta pool requires selection of the first four finishers, in their exact order, for a single race.

1. The net superfecta pool shall be distributed to winning wagers in the following precedence based upon the official order of finish:

- a. As a single price pool to those whose combination finished in correct sequence as the first four wagering interests; but if there are no such wagers, then

- b. As a single price pool to those whose combination included, in correct sequence, the first three wagering interests; but if there are no such wagers, then
 - c. As a single price pool to those whose combination included, in correct sequence, the first two wagering interests; but if there are no such wagers, then
 - d. As a single price pool to those whose combination correctly selected the first-place wagering interest only; but if there are no such wagers, then
 - e. The entire pool shall be refunded on superfecta wagers for that race.
2. If less than four wagering interests finish and the race is declared official, payouts will be made based upon the order of finish of those wagering interests completing the race. The balance of any selection beyond the number of wagering interests completing the race shall be ignored.
3. If there is a dead heat for first involving:
- a. Horses representing four or more wagering interests, all of the wagering combinations selecting four wagering interests which correspond with any of the wagering interests involved in the dead heat shall share in a profit split.
 - b. Horses representing three wagering interests, all of the wagering combinations selecting the three dead-heated wagering interests, irrespective of order, along with the fourth-place wagering interest shall share in a profit split.
 - c. Horses representing two wagering interests, both of the wagering combinations selecting the two dead-heated wagering interests, irrespective of order, along with the third and fourth-place wagering interests shall share in a profit split.
4. If there is a dead heat for second involving:
- a. Horses representing three or more wagering interests, all of the wagering combinations correctly selecting the winner combined with any of the three wagering interests involved in the dead heat for second shall share in a profit split.
 - b. Horses representing two wagering interests, all of the wagering combinations correctly selecting the winner, the two dead-heated wagering interests, irrespective of order, and the fourth-place wagering interest shall share in a profit split.
5. If there is a dead heat for third, all wagering combinations correctly selecting the first two finishers, in correct sequence, along with any two of the wagering interests involved in the dead heat for fourth shall share in a profit split.
6. If there is a dead heat for fourth, all wagering combinations correctly selecting the first three finishers, in correct sequence, along with any of the wagering interests involved in the dead heat for fourth shall share in a profit split.

11VAC10-20-340. Refunds.

- A. Generally. For all wagers other than the daily double, pick three or pick six, a refund at face value shall be made to all holders of pari-mutuel tickets on horses that have been excused by the stewards, participated in a race where no horse finished, or a race, where in the discretion of the stewards, was declared "no contest" for wagering purposes. Unless otherwise provided for in this chapter, no refund shall be made if the horse excused by the stewards is part of a coupled entry or the field.
- B. Nonstarters. If any horse is prevented from obtaining a fair start by failure of the starting gate or other untoward events, the stewards, in their discretion, may order a prompt refund in any pool on that horse.

C. Cancelling pools due to nonstarters. If any horse or horses are prevented from obtaining a fair start so that it would reduce the total number of starters below six, the following shall apply:

1. If horses representing five wagering interests obtain a fair start, the licensee may refund the entire amount wagered in the show pool;
2. If horses representing four or fewer wagering interests obtain a fair start, the licensee may refund the entire amount wagered in the show pool as well as place pool; and
3. If horses representing fewer than two interests obtain a fair start, the race may be declared "no contest" and the entire amount wagered in the win, place and show pools shall be promptly refunded.

D. Cancelling pools due to late scratches. After wagering has commenced on a race and prior to the race being run, should a horse or horses be excused by the stewards resulting in a field of less than six different wagering interests, the following apply:

1. If horses representing five wagering interests will start, the licensee may refund the entire amount wagered in the show pool;
2. If horses representing five or fewer wagering interests will start, the licensee may refund the entire amount wagered in the show pool as well as place pool;
3. If horses representing fewer than two interests will start, the race may be cancelled and the entire amount wagered in the win, place and show pools shall be promptly refunded. However, the horse or horses shall race for the purse as nonwagering event.

E. No refunds. If a horse is left at the post at the start, or the rider or driver is unseated, there shall be no refund.

F. Scratches in entries. If two or more horses in a race are coupled as a wagering interest or the field, there shall be no refund unless all of the horses so coupled are excused by the stewards or all of the horses so coupled are prevented from obtaining a fair start. Discretion, however, is vested in the stewards to order a refund where a part of an entry is excused by the stewards or prevented from obtaining a fair start, where it is in the public interest to do so. In this instance, the remaining part of the entry may race for the purse only.

G. Postponed races. In the case of a race postponed beyond the day originally scheduled, all money wagered on the race shall be refunded.

H. Cancelling turf races. In the event conditions require a race to be moved from the turf to the main racing surface, any advance wager shall be refunded at the request of the holder of the pari-mutuel ticket up until post time of the race. This regulation does not apply to pick (n) wagering.

I. Announcement of refunds. In those cases where a refund is due the public or a pari-mutuel pool is cancelled, the licensee shall promptly inform the public through the public address system and other appropriate means of communication.

Part IV

Distribution of Purse Money

11VAC10-20-350. Purse amounts.

Pursuant to § 59.1-392 of the Code of Virginia, 8.0% of the pari-mutuel pools for straight wagering, and 9.0% of the pari-mutuel pools for multiple wagers shall be allocated for purse money to participants by the licensee. In making the distribution of purse money, the licensee shall, to the extent possible, maintain purse amounts in proper relationship to actual pari-mutuel handles.

11VAC10-20-360. Adjustments to purses.

Should levels of pari-mutuel handle create overpayment or underpayment of purses paid during the course of the race meeting, the licensee shall make adjustments in each publication of its condition book to attempt to keep purses consistent with mutuel handles.

11VAC10-20-370. Overpayments carried over.

CHAPTER 60
PARTICIPANTS

11VAC10-60-10. Generally.

No person shall participate in any horse racing subject to the jurisdiction of the commission or in the conduct of a race meeting or pari-mutuel wagering of the race meeting unless the person possesses a permit from the commission and complies with the provisions of the Act and the regulations of the commission. Permits issued by the commission are not transferable.

A. Application for permit. A person desiring to obtain a permit to participate in horse racing with pari-mutuel wagering shall make an application for a permit on a form prescribed by the commission. The application shall be accompanied by a fee prescribed by the commission and the cost of fingerprinting. The applicant shall be photographed. The application shall be verified by the oath or affirmation of the applicant.

B. Fee schedule. Before submitting an application for a permit as a participant, the applicant shall consult the fee schedule (11VAC10-60-15) of the Virginia Racing Commission to ascertain the applicable fee, make out a check or money order payable to the Virginia Racing Commission or pay in cash the full amount of the fee, and submit the fee with the application.

C. Reciprocity. The commission shall conduct a review of the statutes of other jurisdictions pertaining to horse racing with pari-mutuel wagering to ascertain which jurisdictions have substantially the same standards as those of Virginia. Upon submission of an application and payment of the prescribed fee by a holder of a permit, license or other similar document from those jurisdictions whose standards for permits, licenses or similar documents are substantially the same, the commission may, in its discretion, grant reciprocity to the applicant provided that the applicant has not been convicted of a misdemeanor or felony.

D. Fingerprinting. The applicant shall be fingerprinted upon making his initial application in the Commonwealth and at least once every five years thereafter. The commission may waive this requirement in connection with an application for a permit by reciprocity with another jurisdiction provided that the applicant was fingerprinted and was subjected to a criminal history record information check in a jurisdiction whose laws governing fingerprinting and background investigations are substantially the same as required by Virginia and that he has not been convicted of a misdemeanor or a felony. However, the commission, in its discretion, may require fingerprints from any applicant or holder of a permit at any time.

E. Consideration of application. The commission, acting through its executive secretary or other designee, shall promptly consider any application for a permit and issue the permit based on the information contained in the application and all other information before it, including any investigation it deems appropriate. If an application for a permit is approved, the commission shall issue the permit.

F. Denial of application. If from the face of the application, an applicant appears ineligible because of the requirements specified in § 59.1-389 B of the Code of Virginia, his application shall be denied by the commission, acting through its executive secretary or other designee. The commission may deny an application for a permit for the reason specified in § 59.1-389 C of the Code of Virginia. Absent mitigating circumstances, the application for a permit shall be denied if the applicant has three or more misdemeanor convictions, regardless of offense, within five years

preceding the application date. If the applicant has multiple convictions of the same offense on the same day, it shall not constitute three or more misdemeanor convictions for purposes of this regulation. The applicant may withdraw his application prior to denial.

G. Ineligible applicant. If it appears that the applicant may be ineligible because he has committed a felony or misdemeanor that may be detrimental to horse racing in the Commonwealth, he shall be afforded the opportunity to withdraw his application or request a hearing before a steward regarding his application. However, the commission, in its discretion, may issue a permit to an applicant providing the felony or misdemeanor is not one of those listed in § 59.1-389 C 6 of the Code of Virginia.

H. Felonies considered detrimental. In the absence of mitigating circumstances, the following felonies are considered detrimental to horse racing in Virginia and the commission, acting through its executive secretary or other designee, shall deny the application and refuse to issue the permit if the applicant has been convicted of any of them:

1. For horsemen participants:

a. Serious violent offenses, including but not limited to murder, rape, forcible sodomy, crimes against nature, and aggravated assault/maiming;

b. Burglary offenses; and

c. Arson offenses.

2. For employees of a licensee:

a. Larceny/theft offenses, including but not limited to robbery, embezzlement, and credit card theft;

b. Fraud offenses, including but not limited to forgery, uttering, and credit card fraud;

c. Arson offenses; and

I. Renewal of permit. A holder of a currently valid permit may renew the permit annually by making application for a renewal on a form prescribed by the commission. The application for a renewal of a permit shall be accompanied by a fee prescribed by the commission. The applicant may be photographed with each application for a renewal.

J. Knowledge of regulations. A holder of a permit shall be familiar with and knowledgeable of the regulations of the commission. Every holder of a permit is presumed to know the regulations.

K. Reporting violations. A holder of a permit shall report immediately to the commission every observed violation of these regulations as well as all violations of state and federal laws during the race meeting.

L. Multiple participation. A holder of a permit may participate in horse racing in more than one capacity, with the exception of those capacities specifically prohibited by these regulations. A holder of a permit shall submit, in writing on a form prescribed by the commission, a request for approval of his multiple participation in horse racing. The stewards shall deny a request for multiple participation where it would, in their discretion, pose a potential conflict of interest. Where approval is granted to a holder of a valid permit, all applicable fees shall be paid by the participant.

M. Employment of unauthorized participants. A holder of a permit shall not employ for participation within the enclosure any person who does not possess the appropriate permit issued by the commission or has not made application for the appropriate permit.

N. Financial responsibility. A holder of a permit who obtains food, shelter, medicine, transportation, veterinary services or other goods and services for himself or for others shall be responsible for paying for those goods and services. The stewards shall neither be obligated to collect debts nor intervene where there is a dispute over a debt, unless in receipt of a judgment from a duly constituted court in the Commonwealth.

O. Possession of permit. A holder of a permit shall have in his possession at all times his permit issued by the commission and shall be responsible for its safekeeping. The holder shall display his permit to gain entry to the enclosure or upon the request of appropriate racing officials, commission personnel or security personnel.

P. Duplicate permit. A holder of a permit shall report immediately to the stewards the loss of his permit and immediately make application for a duplicate. The stewards shall notify the appropriate security personnel of the loss of the permit.

Q. Misuse of permit. A holder of a permit shall not allow another person to use his permit for the purpose of obtaining any benefits or privileges pertaining to the permit.

R. Search and seizure. A holder of a permit shall consent upon application and for the duration of the permit to personal inspections (searches) of the holder, inspections (searches) of the holder's personal property, and inspections (searches) of the premises and property located within the enclosure of the racetrack related to his participation in a race meeting by persons authorized by the commission, and to seizure of such property as is determined by the commission's designee conducting the search to be in violation of Chapter 29 (§ 59.1-364 et seq.) of Title 59.1 of the Code of Virginia or this chapter. The following provisions shall apply to searches and seizures:

1. Any drug, stimulant, narcotic, controlled substance, drug paraphernalia, hypodermic needle, hypodermic syringe, battery or other electrical or mechanical appliance or any other device or substance which could be used to affect the speed or action of a horse, or any other device prohibited by this chapter that is in the possession of a holder of a permit may be seized.
2. Commission personnel have the right to enter into or upon buildings, stables, rooms (other than residences), private vehicles or other places within the enclosure, and may examine them, and inspect and examine personal property and effects of a holder of a permit for the purpose of determining that the items listed in subdivision 1 of this subsection are not in the possession of a permit holder unless authorized by Chapter 29 of Title 59.1 of the Code of Virginia or this chapter.
3. In addition, commission personnel shall visit, investigate, and have free access to the office, track, facilities, or other places of business of any licensee or permit holder and may compel the production of any of the books, documents, records, or memoranda of any licensee or permit holder for the purpose of satisfying themselves that Chapter 29 of Title 59.1 of the Code of Virginia and this chapter are being strictly complied with.
4. Failure to submit to any inspection or search described above or to any production of documents or seizure of property resulting therefrom may subject a licensee or a holder of a permit to disciplinary action. In the event that such licensee or permit holder refuses to submit, the following procedure shall apply:

Such refusal shall be immediately reported to the stewards by the person attempting to conduct the search. Such refusal, and the basis therefor, shall be provided in writing to the stewards by the permit holder and shall state the date, time and circumstances of the attempted search and his

reason(s) for refusing to submit to it. Upon receipt of such report, the stewards may take appropriate disciplinary action, which may include the revocation or suspension of the permit or referral to the appropriate law-enforcement authorities, but neither the search nor any seizure of the property shall proceed.

5. The foregoing shall not preclude commission personnel from conducting searches and seizures when they have reasonable suspicion that a permit holder is in the act of violating a regulation or evidence of a violation of a regulation may be destroyed, in which event the provisions of these regulations dealing with consent, refusal to consent, scope of search and disciplinary action shall apply.

S. Workers' compensation. An applicant for a permit who is subject to the compensation provisions of the Virginia Workers' Compensation Act (§ 65.2-100 et seq. of the Code of Virginia) shall comply with the provisions of the Virginia Workers' Compensation Act regarding insurance and self-insurance and shall submit proof of his compliance with his application for a permit. Failure to remain in compliance with the insurance and self-insurance provisions of the Virginia Workers' Compensation Act throughout the duration of the permit shall constitute grounds for its revocation or suspension.

T. Supervision of employees. A holder of a permit who is an employer shall supervise his employees so that their participation in horse racing is in accordance with these regulations, and shall be held jointly responsible for the actions of his employees as they relate to racing matters.

U. Human drug testing. The use, possession or transportation of any controlled substance or drug as those terms are defined in the Virginia Drug Control Act (§ 54.1-3400 et seq. of the Code of Virginia) is prohibited within the enclosure of the racetrack unless the controlled substance or drug was obtained pursuant to a valid prescription or order from a duly licensed physician who is acting in the course of his professional practice or is otherwise authorized by these regulations. It shall be the responsibility of the holder of a permit to provide proof that he is using, possessing or transporting the controlled substance or drug pursuant to a valid prescription or order from a duly licensed physician or that such use, possession or transportation is otherwise authorized by these regulations.

In addition, the following provisions shall apply to the use or possession of controlled substances or drugs:

1. Any apprentice jockey, assistant starter, assistant trainer, clerk of scales, driver of Standardbreds, driver of starting gate, exercise rider, farrier, groom, hotwalker, identifier, jockey, outrider, paddock judge, patrol judge, placing judge, pony rider, starter, steward, trainer, valet, veterinarian or veterinarian's assistant at any horse racing facility licensed by the commission may be subjected by the commission or its designee to a urine test or other fluid test, including a blood test, for the purpose of detection of the presence of controlled substances, in the following manner:

a. At least once per week during the course of every unlimited race meeting, the executive secretary of the commission, or his designee, may direct that the above-described testing be conducted. The day of each such testing shall be selected by the executive secretary or his designee at random and shall not be announced to the persons affected until the day so selected shall have arrived; and

b. Each sample shall be provided in the presence of the licensee's physician or other representative appointed by the executive secretary or his designee and in sufficient quantity to provide a split sample whenever possible. Such sample(s) shall be immediately sealed and tagged. Evidence of such sealing shall be indicated by the signature of the tested permit holder, but the portion of the form which is provided to the laboratory for analysis shall not identify the

individual permit holder by name. Only laboratories approved by the commission may be used in obtaining analysis reports or urine or other specimens. The commission and the stewards shall receive reports directly from the laboratory. If the permit holder so requests in writing to the stewards within 48 hours of notice of a positive lab report on the test sample submitted, the second portion shall be sent for further testing to a drug testing laboratory designated and approved by the commission. All costs for the transportation and testing of the second sample portion shall be the financial responsibility of the requesting permit holder, and payment shall be due from the requesting permit holder within 30 days of receipt of notice of the costs. The licensee's physician or other representative appointed by the executive secretary or his designee shall have overall responsibility for the preservation, storage and safeguarding of the second sample portion.

2. Notwithstanding the foregoing, any steward, acting with reasonable suspicion, may direct any holder of a permit, whether or not listed in the categories above, to submit a specimen of urine, or to submit to any other fluid test including a blood test for the detection of controlled substances or drugs, in which event the provisions of these regulations dealing with collection of sample(s), failure to provide a sample, positive sample test(s), and disciplinary action shall apply.

3. The presence in a sample of metabolites of opioid, barbiturate, cannabis, cocaine, amphetamine, hallucinogen, phencyclidine-type drugs, volatile solvents or volatile nitrates, or other mood-altering or dependency-causing controlled substances or drugs will be considered a positive test. A positive test result shall be reported, in writing, to the executive secretary or his designee, who shall notify the permit holder involved in writing as quickly as possible.

4. In the event of a positive test, the following shall also apply:

a. For an initial positive test, a holder of a permit shall undergo a professional evaluation, at his own expense, by a physician approved by the stewards. If the evaluation indicates that the person's condition is nonaddictive and not detrimental to the best interests of horse racing, the person shall be allowed to participate in horse racing after producing a negative test and agreeing to undergo random testing for a period of not greater than six months at the discretion of the stewards;

b. If the evaluation indicates the person's condition is addictive or detrimental to the best interests of horse racing, the person shall not be allowed to participate in horse racing until he can produce a negative test, has successfully completed a drug rehabilitation program acceptable to the commission, and agrees to undergo random testing for a period of not greater than six months at the discretion of the stewards; and

c. For a second positive test, a holder of a permit shall be suspended indefinitely by the stewards and may only apply for reinstatement after having successfully completed a drug rehabilitation program acceptable to the commission and agreeing to undergo random testing for a period of not greater than one year at the discretion of the stewards.

5. Notwithstanding the foregoing, a holder of a permit whose sample is positive may be subject to disciplinary action including but not limited to revocation or suspension of his permit.

V. Human alcohol testing. On any racing day, any holder of a permit may not have present within his system an amount of alcohol which would constitute being under the influence of alcohol, defined as .08% alcohol content or more, or being impaired, defined as between .079% and .04% alcohol content. In addition, the following provisions shall apply to the consumption of alcoholic beverages:

1. The commission hereby adopts breath testing as its approved method of testing for the presence of alcohol in humans and adopts the following procedure for such testing:

b. Testing devices shall be selected by the commission from among those listed on the Conforming Products List of Evidential Breath Measurement Devices amended and published in the Federal Register from time to time by the National Highway Traffic Safety Administration (NHTSA), United States Department of Transportation;

c. Each device shall be properly maintained and shall be calibrated by the use of calibrating unit listed on the NHTSA Conforming Products List of Calibrating Units for Breath Alcohol Testers (as amended) with sufficient frequency to ensure the accuracy of the device (within plus or minus.01%), but not less frequently than provided in the manufacturer's instructions;

d. Tests shall be conducted by a trained and qualified operator. The operator shall have received training on the operational principles of the particular instrument employed and practical experience in the operation of the device and use of the breath alcohol calibrating unit; and

e. Tests shall be conducted in accordance with procedures specified by the manufacturer of the testing device, consistent with sound technical judgment, and shall include appropriate restrictions on ambient air temperature.

2. Notwithstanding the foregoing, any steward, acting with reasonable suspicion, may direct any holder of a permit, whether or not listed in the categories above, to submit to a breath alcohol test, in which event the provisions of subdivision 4 of this subsection shall apply.

3. A holder of a permit listed in subdivision 1 a of this subsection who is impaired shall not participate in horse racing on that day, but for the first occurrence, shall not be subject to further disciplinary action; a second or subsequent occurrence shall subject such permit holder to disciplinary action.

4. A holder of a permit who is under the influence of alcohol or refuses to take a breath alcohol test at the direction of the stewards is subject to disciplinary action.

W. Reciprocity of rulings. Any holder of a permit whose permit or license to engage in any activity related to horse racing in any other jurisdiction has been denied, suspended or revoked for just cause in that jurisdiction shall not be permitted to participate in horse racing with pari-mutuel wagering in the Commonwealth of Virginia if such denial, suspension or revocation is still in effect.

X. Official address. All notices required by law and by regulations of the commission to be mailed by the commission to any holder of a permit shall be validly given when mailed to the latest address on file with the commission. Each holder of a permit shall maintain a record of his current mailing address with the commission. Any change of address by a holder of a permit shall be submitted in writing to the commission within 30 days of such change.

Y. Disorderly conduct. A holder of a permit shall not engage in disorderly conduct, which shall include but not be limited to using profane, abusive or insulting language, or assaulting or threatening to assault other participants, racing officials, commission employees or the public.

If the trainer or authorized agent submits a partially completed application on behalf of an owner, the applicant shall complete the application within 30 days. The applicant shall be subject to disciplinary action for failure to complete the application. In any event, all purse moneys earned shall be held until the application is completed.

B. Husband and wife. For the purposes of these regulations, a husband and wife who enter their horse or horses as a single entity shall not be considered a partnership but shall make separate applications for permits as owners.

C. Registration of ownership. Every certificate of registration or eligibility paper shall reflect the true ownership of the horse, and the ownership of the horse printed in the daily program shall conform to the ownership listed on the certificate of registration or eligibility paper.

1. Before a horse can start in a race, the trainer must list its ownership with the racing secretary;
2. In the event ownership of a horse is a syndicate, corporation, partnership or other joint venture, the name of the managing owner shall be printed in the daily program; and
3. In the event of a change in ownership of a horse, it shall be the responsibility of the new owner to record the change in ownership with the racing secretary.

1. All persons, who directly or indirectly, through lien, lease, partnership, corporate stockholding, syndication, or other joint venture, hold any present or reversionary right, title, or interest in the horse; and
2. All persons who by virtue of any form of ownership interest might exercise control over the horse or derive benefit from the racing of the horse as well as the degree and type of ownership held in the horse.

The full disclosure shall be made to the racing secretary, with a copy submitted to the stewards, upon the horse's arrival within the enclosure or at the time of entry, whichever event occurs first, and the racing secretary shall be notified immediately upon any subsequent change in ownership.

F. Joint ownership. No more than five persons may be listed as owners of a single horse. In the event more than five persons own interests in a single horse, through partnership, corporation, syndication or other joint venture, the owners shall designate, in writing, a member of the partnership, corporation, syndication or joint venture to represent the entire ownership and be responsible for the horse as the managing owner. Before the horse may be entered to race, the following requirements must be met:

1. A written designation of a managing owner to represent the entire joint venture must be submitted to the racing secretary and signed by every person having an interest of 5.0% or more in any horse entered to race, the chief executive officer of any corporation involved, and the general partner of any limited partnership;
2. Each person having an interest of 5.0% or more in a horse shall apply for a permit as an owner;
3. Each person having an interest of less than 5.0% need not apply for a permit as an owner, unless he intends to participate at the race meeting; however, a complete list of names and addresses of persons having an interest of less than 5.0% shall be provided to the stewards for their approval; and
4. A horse shall not be entered where a person who has any ownership interest in the horse would be ineligible for a permit under these regulations.

G. Estates, partnerships, corporations and other legal entities. Every estate, partnership, corporation and other legal entity shall make application for a permit to the commission and all persons having a 5.0% or more ownership interest in the estate, partnership, corporation or legal entity shall also make application to the commission for permits as owners.

1. A written designation of a managing owner to represent the estate, partnership, corporation or other legal entity must be submitted to the stewards and signed by every person having an interest of 5.0% or more in any horse entered to race, by the chief executive officer of any corporation involved, and by the general partner of any limited partnership;

2. The lessor is eligible for a permit;
3. The signatures of the lessors and lessees on the lease agreement are subscribed and sworn to before a notary public;
4. The conditions of the lease specify whether the horse can be entered in a claiming race, and if so, the minimum price for which the horse can be entered, and the name of the payee in the event the horse is claimed;
5. The conditions of the lease specify that upon the horse being claimed, the lease shall terminate and all rights to the horse shall pass to the claimant as a bona fide purchaser;
6. The conditions of the lease divest lessors or sublessors of control or direction of the racing performance of the horse while held under the lease agreement; and
7. The program listing of the lessee would not mislead the public by reason of the absence in the daily program of the name of a person or persons possessing a beneficial interest in the horse.

I. Stable names. A holder of a permit as an owner may register a "stable name" with the commission. All names that do not reveal the actual identity or identities of the owner or owners of the horse or horses shall be considered stable names. The following conditions shall apply to stable names:

1. In making an application for a stable name, the applicant shall make a full disclosure of all of the parties to the stable name regardless of the proportion of their interest;
2. All parties who have an interest of 5.0% or more in the stable name must be holders of permits as owners;
3. If a partnership or corporation is involved in the stable name, then all of the provisions of these regulations applicable to partnerships or corporation must be complied with as well;
4. Any changes in the parties to the stable name must be reported to the racing secretary and the stewards prior to the horse being entered;
5. Any person who has been a party to a stable name may cancel his participation in the stable name upon giving a written statement to the stewards and racing secretary, and the notice must be received before time of entry;

6. A stable name shall not be used that is identical to one registered with the commission or with The Jockey Club, the National Steeplechase Association, the United States Trotting Association or the American Quarter Horse Association;

7. A stable name shall not be used which is the name of another owner of horses or the name of another prominent person;

8. A trainer may use a stable name only if he is a party to the stable name and trains all of the horses racing under the stable name;

9. The stable name must be clearly distinguishable from other stable names. If the stable name has more than one owner, one legal name of a party to the stable name must appear followed by the term "et al.";

10. A corporate name may be used as a stable name; and

11. A stable name may be canceled when all parties to the stable name submit to the stewards and racing secretary written notice of the cancellation, and a stable name may be changed by registering a new stable name with the commission.

J. Racing colors. For thoroughbred, steeplechase and other flat races, a holder of a permit as an owner shall register a set of racing colors when submitting an application for an owner's permit. The following provisions shall regulate the registration of racing colors:

2. The authorized agent shall apply for the appropriate permit, and shall apply separately for permits for each owner represented;

3. A copy of the owner's signed, notarized authorization shall be submitted by the owner to the racing secretary, horsemen's bookkeeper and attached to the application for the permit;

4. The owner shall be jointly responsible for all acts and omissions of the authorized agent while serving on behalf of the owner in a racing matter; and

5. An owner may revoke the agency by submitting written notification to the stewards.

11VAC10-60-70. Trainer.

A. Generally. No horse may be entered to race at a race meeting licensed by the commission unless the horse is under the care and supervision of a person holding a permit in good standing from the commission as a trainer. A trainer may represent the owner in entering of a horse, declaring the horse out of a race or retaining a jockey.

B. Qualifications. A permit may be issued to a person to participate in horse racing as a trainer if the person possesses a currently valid permit as a trainer in Virginia or another jurisdiction or if the person satisfactorily completes a trainer's test administered under the supervision of the stewards. A person shall not be issued a permit as a trainer unless he meets the following requirements:

The test shall consist of a written test administered by the stewards and a barn test administered by representatives of the horsemen, under the supervision of the stewards.

1. Shall not train horses under an assumed name or stable name;
2. Shall not engage in any activity, directly or indirectly, involving the care, supervision or racing of horses other than those he has registered with the racing secretary as being in his charge; and
3. A holder of permits to participate in horse racing as a trainer and as a jockey shall only ride those horses trained by the permit holder.

E. Suspension. All horses in the care of a trainer who is suspended for more than 10 days must be transferred to another trainer approved by the stewards. During the period of suspension the suspended trainer shall (i) have no communication with the new trainer, the new trainer's staff, or the horse owner; (ii) not benefit financially from transferred horses in his stable during the time of suspension; and (iii) not be permitted on the grounds except with the permission of the stewards.

F. Duties. A person holding a permit allowing him to participate in horse racing as a trainer shall be responsible for the proper care, health, training, safety and protection of horses under his care against administration of all substances foreign to the natural horse, except those specifically permitted by the regulations of the commission. 9. Maintain the stable area assigned to his horses in a neat, clean and sanitary condition at all times, and ensure that all fire prevention measures are taken; and
10. Report promptly to the commission veterinarian any serious illness or death of a horse in his charge.

G. Standardbred trainer. A permit may be issued to a person desiring to participate in horse racing as a trainer of Standardbreds if the person possesses a currently valid trainer's license from the United States Trotting Association or a permit in Virginia.

H. Steeplechase trainer. A permit may be issued to a person desiring to participate in horse racing as a trainer of horses utilized in steeplechase races if the person possesses a currently valid trainer's license issued by the stewards of the National Steeplechase Association or a currently valid permit as a trainer of horses utilized in steeplechase races in Virginia or another jurisdiction.

I. Substitute trainer. When a trainer is absent from his stable or the enclosure and a horse under his care is scheduled to race, he must provide a licensed trainer or assistant trainer to assume joint responsibility for the horses he is training. The substitute trainer or assistant trainer shall sign, in the presence of the stewards, a statement accepting responsibility for those horses.

J. Assistant trainer. A person holding a permit allowing him to participate in horse racing as a trainer may employ an assistant trainer with the approval of the stewards. Any assistant trainer shall be qualified to assume the duties and responsibilities imposed upon the holder of a trainer's permit, and the trainer shall be jointly responsible for the assistant trainer's acts and omissions involving racing matters and this chapter.

K. Trainer responsibility. The trainer shall be the absolute insurer of, and responsible for, the condition of each horse he enters in a race, regardless of the acts of third parties. A trainer shall not start a horse or permit a horse in his custody, care or control to be started if he knows, or through the exercise of reasonable care he might have known or has cause to believe, that the horse has received a substance foreign to the natural horse, except those specifically permitted by the regulations of the commission. The trainer shall guard, or caused to be guarded, each horse in his charge in a manner and for a period of time before racing so as to prevent any person from administering a substance foreign to the natural horse, except those specifically permitted by the regulations of the commission.

11VAC10-60-120. Jockey.

A. Generally. A person shall submit an application to participate in horse racing as a jockey. The applicant shall submit to the stewards sufficient evidence that he is either a journeyman or apprentice jockey in Virginia or another jurisdiction and demonstrates sufficient horsemanship to ride in a race without jeopardizing the safety of horses or other jockeys.

B. Examinations. A jockey may be required to take a physical examination from a physician appointed by the stewards to establish that he possesses the physical ability to safely ride in races. A jockey may also be required to take an eye examination from a physician appointed by the stewards to establish he has eyesight sufficient to safely ride in races.

C. Apprentice jockey. If the person does not possess a currently valid permit in Virginia or another jurisdiction as an apprentice jockey, has not ridden satisfactorily in three races at a pari-mutuel meeting, or has never held a thoroughbred journeyman jockey permit, then the stewards may allow the person to ride probationary mounts in three races at a race meeting licensed by the commission under the following conditions:

1. That he is at least 16 years old;
2. That he has held a permit for at least one year as an exercise rider under the supervision of a person holding a permit as a trainer;

4. The starter has schooled the person from the starting gate with other horses and approves the person as capable of breaking a horse properly from the starting gate;
5. The stewards retain sole discretion of whether or not the person possesses the physical ability and has demonstrated sufficient horsemanship to ride in a race without jeopardizing the safety of horses or other jockeys; and

6. The stewards, in their discretion, may at any time deny the person the opportunity to ride in more races for cause.

If the person possesses a currently valid permit from another jurisdiction as an apprentice jockey or has ridden satisfactorily in three races at a pari-mutuel meeting, then the person must submit sufficient evidence to the stewards:

- a. That he is at least 16 years old;
- b. That he has ridden satisfactorily in at least three races at a pari-mutuel meeting; and
- c. That he has demonstrated to the stewards sufficient horsemanship to ride in a race without jeopardizing the safety of horses or other jockeys.

D. Amateur jockey. A permit may be issued to a person desiring to participate in horse racing as an amateur jockey. The person shall compete on even terms when riding against professional jockeys, but he shall not accept any fees or gratuities. The person must meet all of the requirements for an apprentice jockey, and his amateur status must be noted on the program.

E. Steeplechase jockey. A permit may be issued to a person desiring to participate in horse racing as a jockey riding horses in steeplechase races. A person shall submit an application for the appropriate permit, meet all of the requirements pertaining to holders of permits as jockeys, and hold a currently valid license issued by the stewards of the National Steeplechase Association.

F. Foreign jockey. Whenever a jockey from a foreign country, excluding Mexico and Canada, rides in the United States, he must submit an application for a permit and declare that he is a holder of a valid permit and currently not under suspension. To facilitate this process, the jockey shall present a declaration sheet stating:

1. That he is the holder of a valid permit to ride;
2. That he is not currently under suspension; and
3. That he agrees to be bound by the rules and regulations of the jurisdiction in which he is riding.

This sheet shall be retained by the stewards and at the conclusion of the jockey's participation in racing, it shall be returned to the jockey, properly endorsed by the stewards, stating he has not incurred any penalty or had a fall. If a penalty has been assessed against the jockey, the stewards shall notify the racing authority issuing the original permit to extend the penalty for the same period of time.

G. Apprentice allowance. An apprentice jockey may claim the following weight allowances in all overnight races except stakes and handicaps:

1. A 10-pound allowance beginning with the first mount and continuing until the apprentice has ridden five winners.
2. A seven-pound allowance until the apprentice has ridden an additional 35 winners.
3. If an apprentice has ridden a total of 40 winners prior to the end of a period of one year from the date of riding his fifth winner, he shall have an allowance of five pounds for one year from the date of the fifth winning mount.
4. If, after a period of one year from the date of the fifth winning mount, the apprentice jockey has not ridden 40 winners, the applicable weight allowance shall continue for one more year or until the apprentice rides his 40th winning mount, whichever comes first. But in no event may a weight allowance be claimed for more than two years from the date of the fifth winning mount, unless an extension has been granted under the provisions of this regulation.

5. An apprentice who possesses a contractual agreement may claim an allowance of three pounds for an additional one year when riding horses owned or trained by the original contract employer.

H. Extension of apprentice allowance. The commission or its designee may extend the weight allowance of an apprentice jockey when an apprentice jockey is unable to continue riding due to (i) physical disablement or illness, (ii) military service, (iii) attendance in an institution of secondary or higher education, (iv) restriction on racing, or (v) other valid reasons.

1. In order to qualify for an extension, an apprentice jockey shall have been rendered unable to ride for a period of not less than seven consecutive days during the period in which the apprentice was entitled to an apprentice weight allowance. Under exceptional circumstances, the commission or its designee will give consideration to the total days lost collectively.

2. The commission or its designee shall have the authority to grant an extension to an eligible applicant, but only after the apprentice jockey has submitted documentation to them verifying the days lost as defined by this regulation.

3. An apprentice jockey may petition the commission or its designee for an extension of time for claiming apprentice weight allowances, and the apprentice jockey shall be bound by the decision of the commission or its designee. If the apprentice jockey has been denied an extension in another jurisdiction, the commission or its designee shall deny the application for an extension.

I. Jockey contracts. An apprentice jockey may enter into a contract with an owner or trainer, who holds an appropriate permit issued by the commission, for a period not less than three years nor more than five years. The following provisions shall apply to contracts for apprentice jockeys:

1. The original contract is to be submitted to the stewards with copies made available to the parties to the contract;

2. A written extension may be made to a contract, if the original was for less than five years;

3. The original contract shall be kept in full force and in effect throughout its contract period. Any and all amendments to the contract shall be made a part of and either added to or attached to copies in the possession of the parties and a copy of the amendments submitted to the stewards;

4. An owner or trainer may not enter into a contract with an apprentice jockey unless he has control or possession of a stable of horses as would, in the discretion of the stewards, warrant the employment of an apprentice;

5. An apprentice jockey may not acquire his own contract;

6. All apprentice jockey contracts must be submitted to the stewards within 30 days of their execution or upon filing an application for a permit;

7. The contract shall provide for fair remuneration, adequate medical attention, suitable board and lodging, workers' compensation insurance coverage, and provision for conserving the savings out of the earnings of the apprentice; and

8. Any apprentice or contract rider shall be entitled to the regular jockey fees, except when riding a horse owned in part or solely by his contract holder. An interest in the winnings only, e.g., a trainer's commission, does not constitute ownership.

J. Apprentice certificate. An apprentice jockey may be granted an apprentice certificate issued by the commission or its designee, in lieu of a traditional apprentice contract. An apprentice jockey who loses his weight allowances shall obtain a jockey permit before being permitted to ride again.

K. Restrictions of jockeys under contract. Any apprentice or journeyman jockey who is under a contract to an owner or trainer shall not:

1. Ride any horse not owned or trained by his contract employer in a race against a horse owned or trained by his contract employer;
2. Ride or agree to ride any horse in a race without consent of his contract employer; and
3. Share any money earned from riding with his contract employer.

L. Calls and engagements. Any jockey who is not prohibited by a contract may agree to give first or second calls on his services to any owner or trainer. If the agreement is for more than 30 days, then the agreement must be in writing and a copy of the agreement submitted to the stewards for approval. Any jockey employed by an owner or trainer on a regular salaried basis may not ride against the stable. No owner or trainer shall employ or engage a jockey to prevent him from riding another horse.

M. Naming of jockeys. A jockey shall be named to ride a horse in a race at a time designated by the racing secretary, and a subsequent change of a jockey shall be approved by the stewards. The following provisions shall apply to the naming of a jockey:

1. After a jockey gives a call to ride a horse in a race, either personally or through his agent, and fails to fulfill the engagement, he shall not accept another engagement in that race or be assigned by the stewards to another horse in that race;
2. In races where a jockey has more than one engagement, the jockey agent shall specify a first and second call on the jockey's services; and
3. A jockey may be named on no more than two horses in a race. In turf course races, in which there is an also-eligible list for the dirt course, a jockey may be named on no more than three horses, one of which shall be a dirt course only entrant.

N. Fee earned. A jockey's fee shall be considered earned when the jockey is weighed out by the clerk of scales. The fee shall not be considered earned if the jockey, of his own free will, takes himself off of his mount where injury to the horse or rider is not involved. Any conditions or considerations not covered by the above regulation shall be at the discretion of the stewards.

O. Multiple engagements. If any owner, or his trainer or authorized agent, engages two or more jockeys to ride the same horse in the same race after the time designated by the racing secretary to name jockeys, the owner shall pay the jockey taken off the horse a matching fee equal to that earned by the jockey who rode the horse. No owner shall be held liable for multiple engagements where such engagements are the results of actions taken by jockeys or their agents. An owner or trainer who elects to remove a jockey from his mount after the time designated by the racing secretary for naming jockeys may be subject to disciplinary action by the stewards.

P. Duty to fulfill engagements. A jockey shall fulfill his duly scheduled riding engagements, unless excused by the stewards. No jockey shall be forced to ride a horse he believes to be unsound or over a racing surface that he believes to be unsafe. If the stewards find that a jockey's refusal to fulfill a riding engagement is unwarranted, then the jockey may be subject to disciplinary action.

Q. Presence in jockey room. A jockey who has an engagement to ride in a race shall report his weight and be physically present in the jockeys' room at a time appointed by the stewards, unless excused by the stewards, and upon arrival shall report all of his engagements for the program to the clerk of scales. The following provisions shall apply:

1. In the event a jockey does not report to the clerk of scales at the appointed time, the clerk of scales shall advise the stewards who may name a substitute jockey and any substitution shall be publicly announced prior to the opening of wagering;

2. After reporting to the clerk of scales, a jockey shall remain in the jockeys' room until he has fulfilled all of his engagements for the program. A jockey may only leave to ride in a race or to view the races from a location approved by the stewards;

3. A jockey shall have no communication with any person outside the jockeys' room other than an owner or trainer for whom he is riding, a racing official, his jockey agent or a representative of the media; and

4. A jockey who intends to discontinue riding at a race meeting prior to its conclusion shall notify the stewards no later than upon fulfilling his final engagement of the day he intends to depart.

R. Attire. A jockey shall wear traditional attire and shall be neat and clean in appearance. A jockey shall wear the cap and jacket in the owner's racing colors, white breeches, top boots, protective helmet, safety vest which meets the minimum specifications as defined by the British Equestrian Trade Association, and a number on his right shoulder corresponding to the horse's number as shown on the saddle cloth and daily program.

S. Weighing out. A jockey shall report to the clerk of scales for weighing out, not more than one hour and not less than 15 minutes before post time for each race in which he is engaged to ride, and at the time of weighing out shall declare overweight, if any. The following provisions shall apply to weighing out:

1. A jockey shall not carry more than two pounds of overweight without the consent of the owner or trainer of the horse which he is engaged to ride; however, a jockey shall not carry more than five pounds of overweight;

2. Bit, blinkers, bridle, number cloth, reins, safety helmet, safety vest, whip, goggles, overgirth, chamois, and breastplate shall not be included in a jockey's weight;

3. All overweights shall be promptly reported to the stewards; and

4. No horse shall be disqualified because of overweight carried.

T. Weighing in. Following the completion of the race, a jockey shall ride his horse to the designated area, salute the stewards, dismount, remove from the horse his equipment, without assistance, which is to be included in a jockey's weight, and move directly to the scales where he may be weighed in by the clerk of scales. No person shall throw any covering over any horse until a jockey has removed from the horse his equipment which is to be included in a jockey's weight. Due to injury to either horse or jockey, the stewards may excuse the jockey from weighing in. A jockey shall not weigh in at less weight than he weighed out and no jockey shall weigh in at more than four pounds over the weight at which he weighed out, unless affected by the weather and with the permission of the stewards.

U. Wagering. A jockey may only have a wager placed for him through an owner or trainer of the horse he is riding in the race, and the jockey's wager shall only be on his horse to win. The owner or trainer placing the wager shall keep precise records of all wagers placed for a jockey and the record shall be available to the stewards upon request.

V. Viewing films. The stewards shall attempt to notify all jockeys who are requested to attend the reviewing of the films, and their names shall be posted on the film list. A jockey whose name is on the film list shall be present at the designated time and place to view the films of the race, unless excused by the stewards. A jockey may be accompanied by a representative of his choosing.

W. Designated races. A jockey who is serving a suspension of 10 days or less will be permitted to ride in a designated race during the suspension if:

1. The race has been specified as a designated race by the racing secretary before opening day of the race meeting.
2. The race has been approved as a designated race by the stewards.
3. The jockey is named not later than at the time designated by the racing secretary.
4. The jockey agrees to serve an additional day of suspension in place of the day on which the jockey rides in a designated race.

Reciprocity of this regulation will apply only to those jurisdictions which have adopted the designated race regulation.

11VAC10-100-20. Registration requirements.

No horse may start in a race unless the horse's certificate of foal registration, eligibility certificate or other registration document from the appropriate breed registry is on file with the racing secretary. The certificate of foal registration, eligibility certificate or other registration document must be filed with the racing secretary by the owner, or in his absence by his trainer or authorized agent before the horse may start in a race. However, the stewards may for good cause, in their discretion, waive this requirement, if the horse is otherwise correctly identified to the stewards' satisfaction and the complete past performances of the horse are available to the public. When the stewards waive this requirement, they must submit written notification to the commission.

11VAC10-100-30. Lip tattoo requirements.

No horse may start in a race without a legible lip tattoo number being applied by the designated personnel appropriate to the breed of horse. The stewards, in their discretion, may approve a readable microchip approved by The Jockey Club for identification purposes if appropriate. In harness racing, no Standardbred may start in a race without either a legible lip tattoo or a freeze brand number being applied by the designated personnel appropriate.

11VAC10-100-40. Names of horses.

No horse may be entered or raced under any other name than the name listed on its certificate of foal registration, eligibility certificate or other registration document. In the event a horse's name is changed, the horse's former name shall be shown parenthetically in the daily race program the first three times the horse races after its name is changed. In the event a horse is named after completing published workouts, it shall be the trainer's responsibility to notify the stewards and racing secretary of the horse's name so that the published workouts may be correctly attributed and the public notified.

4. A "low heel nerved horse" means a horse whose posterior branch only of the palmar digital nerves have been desensitized by any means below the fetlock;
5. A horse that has been "low heel nerved" must have the procedure designated on its certificate of foal registration, eligibility certificate, or other registration document, and this designation must be certified by the practicing veterinarian who performed the procedure;
6. The primary responsibility rests with the owner to see that the certificate of foal registration, eligibility certificate or other registration document is properly designated and certified by the practicing veterinarian when a horse is low nerved;

An official test for equine infectious anemia is required and must be conducted by a laboratory approved by the United States Department of Agriculture for each horse within the enclosure. The following provisions shall apply:

For Thoroughbreds, in determining eligibility, allowances and penalties, the reports, records and statistics as published in the Daily Racing Form and its monthly charts or similar publication or corresponding official publications of any foreign country, shall be considered official, but the records and statistics may be corrected until 45 minutes prior to post time of the race. 11VAC10-100-150. Stewards' List.

B. The stewards may place a horse on the Stewards' List when there exists a question as to the exact identification or ownership of said horse.

C. A horse that has been placed on the Stewards' List because of inconsistent performance or behavior may be removed from the Stewards' List when, in the opinion of the stewards, the horse can satisfactorily perform competitively in a race without endangering the health or safety of other participants in racing.

D. A horse that has been placed on the Stewards' List because of questions as to the exact identification or ownership of said horse may be removed from the Stewards' List when, in the opinion of the stewards, proof of exact identification or ownership, or both, has been established.

The commission veterinarian shall maintain a Veterinarian's List of those horses determined to be unfit to compete in a race due to physical distress, unsoundness or infirmity. A horse placed on the Veterinarian's List shall be removed from the list only after being demonstrated to the satisfaction of the commission veterinarian that the horse is then raceably sound and in fit physical condition to exert its best effort in a race. A horse may be required to perform satisfactorily in a workout or qualifying race to demonstrate its physical fitness, and if so a blood or urine, or both, post-work test sample may be taken from the horse.

11VAC10-100-152. Starter's List.

No horse shall be permitted to start in a race unless approval is given by the starter. The starter may maintain a Starter's List of all horses that are ineligible to be entered in any race because of poor or inconsistent behavior or performance in the starting gate. The trainer of each horse shall promptly identify the horse to be examined, and the examination is to take place outside of the horse's stall. The horse may be led at a walk or trot as requested by the examining veterinarian. For Standardbreds, the racing soundness examination shall consist of the commission veterinarian observing the horse during its warmups prior to racing.

11VAC10-100-230. Carrying assigned weight.

Each horse shall be raced to the finish by the jockey or driver to give their best effort to win the race. For all horses racing on the flat or over jumps, they shall carry their assigned weight, including the jockey, from the post parade to the start and to the finish. Each horse, which suffers an injury during a workout or during a race, shall be pulled up by the jockey or driver as soon as safety permits to the horse and others utilizing the racing surface. 11VAC10-110-140. Preference system.

The racing secretary shall maintain a list of horses which were entered but denied an opportunity to race because they were eliminated through races overfilling or failing to fill. The racing secretary shall develop procedures through which these horses will be granted preference in future entries. The procedures developed by the racing secretary must be submitted to the stewards for their approval at least 15 days before the beginning of the race meeting.

11VAC10-110-150. Post positions.

Post positions for all races shall be determined by lot, drawn in the presence of persons filing the entries and supervised by a steward or his representative. The racing secretary shall be responsible for assigning pari-mutuel numbers for each starter to conform with the post position draw, except where the race includes two or more horses joined as a single wagering interest.

11VAC10-110-160. Also-eligible list.

If the number of entries for a race exceeds the number of horses permitted to start in any race, then the racing secretary may place as many as eight horses on an "also-eligible list." The racing secretary shall develop procedures through which the horses on the also-eligible list may be drawn into the race should a horse be scratched. The procedures developed by the racing secretary for the also-eligible list must be submitted to the stewards for their approval at least 15 days before the beginning of the race meeting.

11VAC10-110-170. Declarations.

For thoroughbred racing, a horse may be withdrawn from or "declared out" of a race before the closing of entries. All declarations shall be made in a manner prescribed by the racing secretary. Declarations are subject to the approval of the stewards and are irrevocable.

11VAC10-110-180. Scratches.

For flat racing, a horse may be withdrawn from or "scratched out" of a race after the closing of entries under the following conditions:

1. Scratches shall be made in a manner prescribed by the racing secretary;
2. Scratches are subject to the approval of the stewards;
3. A horse may be scratched from a stakes race, futurity or other special event until 45 minutes before post time for the race for any reason;
4. No horse may be scratched from an overnight race without the approval of the stewards;
5. In making a determination on whether to permit a horse to be scratched from an overnight race, the stewards may require a report from a veterinarian, who possesses a permit issued by the commission, attesting to the physical condition of the horse;
6. Scratches, once approved by the stewards, are irrevocable; and

7. Any horse that has been scratched or excused from starting by the stewards because of a physical disability or sickness shall not be permitted to race again until the horse has been removed from the Veterinarian's List by the commission veterinarian and the expiration of six calendar days following the day on which such horse was scratched or excused.

11VAC10-110-190. Responsibility for eligibility.

The responsibility for the eligibility of a horse for a race shall rest with the trainer. No person shall enter a horse that is ineligible under the conditions specified in the condition book or condition sheet.

11VAC10-110-200. Reopening entries.

In the event an overnight race does not fill, the racing secretary, with the permission of the stewards, may reopen entries on that race and extend the closing time for entries for a reasonable period. When entries on a race are reopened, the racing secretary shall cause an announcement to be made over the public address system that entries have been reopened.

11VAC10-110-210. Cancelling a race.

In the event an overnight race does not fill, the racing secretary may cancel that race and instead use a substitute race, which must be listed in the condition book or condition sheet, to complete the program.

11VAC10-110-220. Divided races.

When a race fails to fill, the racing secretary may divide any other programmed race, which may have been overfilled, for the same day. The following provisions shall apply to divided races:

1. The stewards, in their discretion, may grant additional time beyond the prescribed closing of entries to permit entries to be filed for races that have been divided;
2. The division of entries in divided races shall be in accordance with the conditions specified under which the entries were made; and
3. In the absence of any conditions regarding the division of entries, horses that might be coupled as mutuel entries may be placed in different divisions and the remainder of the horses shall be drawn by lot to provide wagering interests as equal as possible for each division of the divided race.

11VAC10-110-230. Starter's fee.

Notwithstanding the provisions of 11VAC10-20-190 A 7 b, any starter's fee due for benevolent purposes may be charged to an owner and may be deducted from his account maintained in the horsemen's account. Any owner charged such a fee shall pay the amount due. The licensee or horsemen's bookkeeper shall not be obligated to collect amounts due.

CHAPTER 120
CLAIMING RACES

11VAC10-120-10. Generally.

A claiming race is a race in which any horse programmed may be purchased for the designated price by any person holding a permit as an owner, or his authorized agent, or a person holding a claiming certificate issued by the commission. For the purposes of this regulation, "programmed" means the horse's name and designated claiming price are printed in the daily program published by the licensee.

11VAC10-120-20. Claiming certificate.

A person who does not hold a currently valid permit in Virginia or any other jurisdiction as an owner may apply for a claiming certificate. The following provisions shall apply to applicants for claiming certificates:

1. The applicant shall submit an application for a permit as an owner, pay the applicable fee, be photographed and fingerprinted as set forth in 11VAC10-60;
2. The applicant also shall submit a statement designating the trainer who will assume care and responsibility for the horse claimed;
3. The trainer named in the statement must be the holder of a currently valid permit issued by the commission;
4. The claiming certificate may be issued to the applicant which will be valid until the end of the race meeting during which it was approved, but it may be canceled by the stewards for cause; and
5. The applicant shall file the claiming certificate with the racing secretary indicating his eligibility to claim a horse.

11VAC10-120-30. Voided claiming certificate.

The holder of a claiming certificate may be issued a permit as an owner upon the completion of a valid claim and the claiming certificate shall be returned to the commission and voided.

11VAC10-120-40. Eligibility to claim.

Only a holder of a permit as an owner, or his authorized agent, or the holder of a claiming certificate may file a claim on a horse programmed to race in a claiming race. The following provisions shall apply to the eligibility of persons filing claims:

1. An authorized agent may only file a claim for an owner for whom he is authorized to act as an agent;
2. A person holding a permit solely as an authorized agent may not file a claim for himself or for any other person for whom he is not authorized to act as agent;
3. An owner, authorized agent or holder of a claiming certificate may file only one claim for any race;

4. An owner may not file a claim for his horse in which the owner or trainer has a financial or beneficial interest, or cause his horse to be claimed, directly or indirectly, for his account; and
5. A partnership, stable name or any other joint venture, despite the number of individual owners comprising such a venture, may file no more than one claim for any race.

11VAC10-120-50. Claiming procedure.

A claim may be filed on a horse programmed to race by properly completing a claim slip, including but not limited to the correct spelling of the horse's name, the date and the race number, sealing the claim slip in an envelope and depositing the envelope in a locked claims box. The following provisions shall apply to the claiming of a horse:

1. The licensee shall provide claim slips, claim envelopes and a locked claim box to secure filed claims;
2. The claim slip, enclosed in a sealed envelope, must be deposited in a locked claim box at least 15 minutes before post time of the race for which the claim is filed;
3. The licensee shall provide a clock, and before the sealed envelope is deposited in the locked claim box, the time of day shall be stamped upon the envelope;
4. No money or its equivalent shall be put in the claim box;
5. The person filing the claim must have sufficient funds on deposit with the horsemen's bookkeeper or licensee in not less than the amount of the designated price and applicable sales taxes;
6. The claims clerk shall inform the stewards of a claim filed for a horse and of multiple claims on a horse;
7. The claims clerk shall ascertain that the claim slip and envelope are properly complete;
8. The claims clerk shall ascertain that the person is eligible to claim a horse and inform the stewards immediately of any doubts of the person's eligibility;
9. The claims clerk shall ascertain that there are sufficient funds on deposit with the horsemen's bookkeeper or licensee of not less than the amount of the claim and applicable sales taxes;
10. If more than one valid claim is filed for a horse, then title to the horse shall be determined by lot under the supervision of the stewards or their representative;
11. A claimed horse shall race in the interest of and for the account of the owner from whom the horse was claimed;
12. The original trainer shall remain the absolute insurer of the condition of the horse until any post-race testing is completed;
13. Title to a claimed horse shall be transferred to the new owner at the time the horse is deemed a starter whether the horse is dead or alive, sound or unsound, or injured in the race or after the race;
14. In harness racing, the successful claimant of a horse programmed to start may, at his option, acquire ownership of a claimed horse even though such claimed horse was scratched and did not start in the claiming race from which it was scratched. The successful claimant must exercise his option by 9 a.m. of the day following the claiming race to which the horse programmed and scratched. No horse may be claimed from a claiming race unless the race is contested;
15. A horse that has been claimed shall be delivered to the new owner at the conclusion of the race either at the paddock or at the detention barn, after the completion of any post-race testing;

16. The claimant shall present the former owner with written authorization of the claim from the racing secretary;
17. A positive test result for any prohibited drug is grounds for voiding the claim;
18. The new owner may request that the horse be tested for equine infectious anemia, by taking the horse immediately following the race to the detention barn where a blood sample will be drawn;
19. A positive test result for equine infectious anemia is grounds for voiding a claim;
20. The certificate of registration, eligibility certificate or registration document shall be retained by the racing secretary until the results of the post-race testing are known;
21. The funds for the claim shall be retained by the horsemen's bookkeeper or licensee until the results of the post-race testing are known;
22. When it is determined that the claim is valid and that there are no grounds for voiding the claim, the certificate of registration shall be delivered by the racing secretary to the claimant and the funds for the claim shall be paid to the former owner;
23. The new owner shall be responsible for filing the change of ownership with the appropriate breed registry;
24. Despite any designation of sex or age of a horse appearing in the daily program or other publication, the person making the claim shall be solely responsible for determining the sex or age of the horse before filing a claim for the horse; and
25. Officials and employees of the licensee shall not provide any information as to the filing of the claim until after the race has been run, except as necessary for processing of the claim.

11VAC10-120-60. Invalid agreements.

No person shall offer or agree to claim or not to claim, or attempt to prevent another person from claiming any horse in any claiming race. No person shall attempt to prevent another person from entering a horse in a claiming race. No owner or trainer shall make an agreement with another owner or trainer for the protection of each other's horses in a claiming race.

11VAC10-120-70. Voided claims.

The stewards may void any claim that violates the provisions of this regulation. The stewards, in their discretion, may require a person filing a claim to sign a written statement that the claim was made according to the provisions of this chapter.

11VAC10-120-80. Restrictions on a claimed horse.

When a horse is claimed out of a claiming race other than steeplechase races, the following restrictions shall apply to the horse for 30 calendar days after the day that the horse was claimed:

1. The horse may only start in claiming races for a designated price of 25% more than the amount for which the horse was claimed, except in harness racing a horse may start in claiming races for any price;
2. The horse may not be sold or transferred wholly or in part to another person, except in another claiming race;
3. The horse may not remain in the same stable or under the control or supervision of its former owner or trainer, unless reclaimed;
4. Notwithstanding the 30-day restriction above, the horse may not race elsewhere until after the close of the meeting at which it was claimed, except with the permission of the stewards; and

5. All horses claimed in other jurisdictions and racing in Virginia shall be subject to the conditions of the claiming regulation in the jurisdiction where the claim was made.

11VAC10-120-100. Disciplinary action.

Failure to comply with the regulations pertaining to claiming of horses or failure to deliver a horse that has been claimed to the successful claimant may subject the permit holder or holder of a claiming certificate to disciplinary action by the stewards.

Part II General

11VAC10-130-20. Generally.

The purpose of this chapter is to establish procedures for the administration of the Virginia Breeders Fund by the Virginia Racing Commission as provided for in § 59.1-372 of the Code of Virginia.

A. Certification. The commission or its designee shall certify that a racehorse is Virginia bred for eligibility for entry into races restricted to Virginia-bred horses, and to qualify its owner, the stallion owner, if applicable, and breeder for awards.

B. Determination of eligibility. The final determination of all questions, disputes or protests relating to the registration, eligibility for certification or breeding of a Virginia-bred horse and the final determination of eligibility of any horse to enter a race restricted to Virginia-bred horses shall rest solely with the commission.

C. Documentation. In making its determination, the commission or its designee, in its discretion, may require the submission of any certificate of foal registration, eligibility paper or any other registration document, affidavits or other substantive proof to support or deny any claim concerning registration of a horse as Virginia bred.

D. False statements. Any person who submits false or misleading information to a breed registry, to the commission or its designee, or to any racing official may be fined, have his permit

suspended or revoked, be denied participation in the Virginia Breeders Fund for a period of time deemed appropriate by the commission, or any or all of the foregoing.

E. Forfeiture of awards and purse moneys. Any person who is denied participation in the Virginia Breeders Fund under the provisions of this chapter shall forfeit and restore to the fund any awards and purse moneys received based upon the submission of false or misleading information. Until the awards and purse moneys are restored, the commission may suspend the person's permit to participate in horse racing at licensed facilities.

F. Recognized registries. The commission shall recognize certificates of registration from the following breed registries:

1. Thoroughbred: The Jockey Club;
2. Standardbred: The United States Trotting Association;
3. Quarter Horse: The American Quarter Horse Association; and
4. Arabian horse: The Arabian Horse Registry of America.

G. Payment of awards. All awards for owners, stallion owners and breeders shall be distributed from the Virginia Breeders Fund in a manner prescribed by the commission. The following provisions shall apply to payment of owner, stallion owner and breeder awards:

1. Determination of individual distributions to a stallion owner shall be in the same ratio as the amount of first-place purse money won by the Virginia-bred horse at the race meeting, which qualifies the stallion owner for an award, to the total amount of first-place purse money won by all Virginia-bred horses that qualify stallion owners for awards at the race meeting;
2. Determination of individual distributions to a breeder shall be in the same ratio as the amount of first-place purse money won by the Virginia-bred horse at the race meeting, which qualifies the breeder for an award, to the total amount of first-place purse money won by all Virginia-bred horses at the race meeting;
3. Determination of individual distributions to an owner shall be in the same ratio as the amount of nonsupplemented first-place purse money won by the Virginia-bred horse at the race meeting that qualifies the owner for an award to the total amount of nonsupplemented first-place purse money won by all Virginia-bred horses at the race meeting;
4. To become eligible for an owner, a stallion owner or a breeder award from the Virginia Breeders Fund, the owner, stallion owner or breeder must be certified by the commission or its designee prior to receiving any award, unless his racehorse, stallion or foal has been previously registered with the commission or its designee;
5. A stallion owner or breeder will have 25 days after the closing of the race meeting, at which he becomes eligible for an award, to be certified by the commission or its designee unless his stallion or foal has been previously registered with the commission or its designee;
6. A stallion owner or breeder need only be certified once per racehorse; and
7. Any unclaimed awards from the Virginia Breeders Fund shall be remitted to the fund.

H. Distribution by breeds. The funds generated by the breed of horse through pari-mutuel wagering at a race meeting shall be distributed to that breed of horse through owner awards, stallion owner awards, breeder awards, purses and purse supplements.

I. Reimbursement of funds. The source of funding is 1.0% of all pari-mutuel pools, which shall be paid to the commission within five days of the date that the funds were generated. Purse moneys shall be paid from the horsemen's account when approval is granted by the stewards. The

commission shall reimburse the horsemen's account to the extent that funds are available from the Virginia Breeders Fund.

J. Restrictions. In disbursing the Virginia Breeders Fund, the following restrictions shall apply:

1. Supplements to purses from the Virginia Breeders Fund shall not be considered in determining owner awards;
2. The amount of the purses for races restricted to Virginia-bred horses or any adjustments must be fair, equitable and appropriate to the quality of the horses competing for those purses;
3. Purses from the Virginia Breeders Fund shall be considered for stallion owner and breeder awards.
4. Funds allocated for purses shall be credited to the owner's account by the horsemen's bookkeeper in accordance with procedures established elsewhere in this chapter; and
5. Underpayment of moneys generated by each breed shall be remitted to the Virginia Breeders Fund.

K. Reservation of funds. The commission may set aside funds for distribution in future years if the commission, in its discretion, determines that there is an insufficient supply of Virginia-bred horses of a certain breed to warrant a distribution. In this event, the funds shall be deposited in an interest-bearing account for future distribution of awards and purse supplements to the breed that generated the funds so set aside.

L. Assignment of awards. Awards distributable to breeders and stallion owners are only assignable pursuant to a court order.

M. Advisory committee. To assist it in establishing this awards and incentive program to foster the industry of breeding racehorses in Virginia, the commission shall appoint an advisory committee composed of two members from each of the registered breed associations representing each breed of horse participating in the fund program, one member representing the owners and operators of racetracks and one member representing all the meets sanctioned by the National Steeplechase Association.

The commission, in its discretion, may establish and appoint the members of subcommittees of the advisory committee for each breed of horse participating in the fund program. Each subcommittee shall be composed of one commissioner, the executive secretary of the commission, two advisory committee members, a member representing an owner or operator of a horse racing facility, and an at-large member associated with the breed of horse participating in the fund program. All appointments shall be approved by the commission.

Part III Thoroughbreds

11VAC10-130-30. Commencement of registration.

The commission shall establish a date when owners of Thoroughbred stallions shall commence registering their stallions and breeders of Virginia-bred Thoroughbred horses shall commence registering their foals. No fee shall be assessed for registering stallions or foals prior to the date for the commencement of registration.

2. The application shall be signed and dated by the owner or lessee, or the authorized agent;
3. A notarized copy of the stallion's Certificate of Foal Registration, clearly showing the front and transfer side of the document, shall accompany the application;
4. If the stallion is held under a lease or a syndicate agreement, a copy of the lease or agreement shall accompany the application, and the lease or agreement must include a statement that the lessee or syndicate manager is authorized to sign the service certificate and receive stallion awards; and
5. The owner or authorized agent shall submit to the commission or its designee a notarized copy of The Jockey Club's Report of Mares Bred at the conclusion of the breeding season but no later than August 1.

B. Registration fees. A stallion may be registered with the commission or its designee for the breeding season after January 31 or 30 days following its entry into stud in Virginia. A registration fee of \$100 for current members of the Virginia Thoroughbred Association (VTA) and \$200 for non-VTA members shall accompany the application. A late registration fee of \$250 for current VTA members and \$350 for non-VTA members shall be assessed. A late registration of a stallion shall be accepted by the commission or its designee until August 1 for that breeding year.

C. Change of ownership. If there is a change in ownership or the stallion is subsequently leased or syndicated or the location of where the stallion is standing is changed, the new owner, lessee or syndicate manager shall submit to the commission or its designee a new application for stallion registration.

11VAC10-130-51. Foal registration.

A. Requirements. For an owner or lessee of a dam to be certified to receive breeder awards from the Virginia Breeders Fund, the owner or lessee must register his foal with the commission or its designee by satisfying the following requirements:

1. The owner, lessee or his authorized agent must submit an application on a form approved by the commission, including the name of the stallion; the name of the dam; the sire of the dam; the sex; color; year of birth; the location of foaling; and name, address and telephone number of the owner, lessee or his authorized agent;
2. The application must be signed and dated by the owner, lessee, or his authorized agent;
3. If the dam is held under a lease, a statement to that effect and a copy of the lease which must include a statement that the lessee is authorized to register the foal must accompany the application;
4. If the dam of the foal was not bred to a Virginia Thoroughbred sire or is not bred back to a Virginia Thoroughbred sire, then the owner, lessee or his authorized agent must sign the affidavit stating that the dam has been domiciled in the Commonwealth of Virginia from September 1 of the preceding year to February 1; and

5. As of September 1, 1999, all Virginia-bred Thoroughbred horses must be registered with the commission or its designee prior to being entered in any race at race meeting designated by the commission for purse supplements or awards from the Virginia Breeders Fund.

B. Registration fees. A foal may be registered by December 31 of its year of foaling by submitting a \$25 fee for current members of the Virginia Thoroughbred Association (VTA) and \$125 for non-VTA members that must accompany the application for foal registration. A yearling may be registered by December 31 of its yearling year by submitting a \$50 fee for current VTA members and \$150 for non-VTA members that must accompany the application for foal registration. A two-year-old or older may be registered by submitting a \$200 fee for current VTA members and \$300 for non-VTA members which must accompany the application for foal registration.

11VAC10-130-52. Virginia-Sired Thoroughbreds.

A Virginia-sired Thoroughbred may be registered with the commission or its designee by submitting a \$25 fee for current members of the Virginia Thoroughbred Association (VTA) and \$125 for non-VTA members that must accompany an application for registration in the Virginia Breeders Fund. The payment of the registration fee and filing of the application shall occur prior to entry in any race at a race meeting designated by the commission. Such registration shall entitle the horse to entry into races restricted to Virginia-bred Thoroughbreds and purse supplements, but shall not entitle a Virginia-sired Thoroughbred to other awards from the Virginia Breeders Fund.

11VAC10-130-60. Fund distribution; allocation of funds.

The funds generated by pari-mutuel wagering on Thoroughbred horse races for the Virginia Breeders Fund shall be allocated on the following schedule or as the commission deems appropriate in order to promote, sustain, and grow a native industry:

1. 35% shall be set aside for payment to the breeders of Virginia-bred Thoroughbred horses that win races at a race meeting designated by the commission;
2. 15% shall be set aside for payment to owners or lessees of registered Virginia stallions that sire Virginia-bred Thoroughbred horses that win races at race meetings designated by the commission; and
3. 50% shall be paid to supplement purses as determined by the commission under the following provisions:
 - a. An award may be paid to the owner or owners of a Virginia-bred Thoroughbred horse each time the horse earns purse money in a nonrestricted race at race meetings licensed by the commission or wins races at race meetings designated by the commission;
 - b. The maximum amount payable for breeder or stallion owner awards to a Virginia-bred Thoroughbred horse for any single race shall be \$25,000;
 - c. The maximum amount payable for an owner award to a Virginia-bred Thoroughbred horse for any single race run in Virginia shall be \$25,000, and the maximum amount payable for an owner award for any single race in any other jurisdiction shall be \$5,000; and
 - d. Purses shall be paid for races restricted to Virginia-bred Thoroughbred horses.

11VAC10-130-70. Restricted races.

The racing secretary at each unlimited race meeting licensed by the commission may include in the condition book restricted races that equal not less than 5.0% of the total nonsubstitute races included in that book, and that those races shall be run if six separate wagering interests are

entered. If there is not a sufficient number of registered Virginia-bred horses entered to fill the race, then the racing secretary may substitute another race.

Part IV
Standardbreds

11VAC10-130-75. Commencement of registration.

The commission shall establish a date when owners of Standardbred stallions shall commence registering their stallions and breeders of Virginia-bred Standardbred horses shall commence registering their foals.

11VAC10-130-76. Stallion registration.

A. Initial registration. For a stallion owner to be certified to receive stallion owner awards from the Virginia Breeders Fund, the stallion owner must register his stallion with the commission or its designee by satisfying the following requirements:

1. Each year prior to the commencement of the breeding season, but no later than January 31, or within 30 days following the entry into stud in Virginia if entry is after the breeding season commences, the owner or authorized agent shall submit an application on a form approved by the commission that shall set forth the name of the stallion; year of foaling; registration number; pedigree, including sire, dam and sire of the dam; where the stallion is standing at stud; the date of entry to stud if after the commencement of the breeding season; and the names and addresses of owners and lessees;

C. Change of ownership. If there is a change in ownership, or the stallion is subsequently leased or syndicated, or the location of where the stallion is standing is changed, the new owner, lessee or syndicate manager must submit to the commission or its designee a new application for stallion registration.

11VAC10-130-77. Foal registration.

C. Restricted races. The racing secretary at each unlimited race meeting licensed by the commission shall include on the condition sheet at least one race each day restricted to Virginia-bred Standardbred horses and the race shall be run if six separate betting interests are entered. 11VAC10-140-15. Safety vests.

A. A safety vest shall be worn when:

1. Racing, parading, or warming up a horse prior to racing;
2. Jogging, training, or exercising a horse at any time; or
3. Handling horses in the starting gate.

B. A safety vest shall:

1. Cover the torso, front and back, from the collar bone to the hip bone;

11VAC10-140-20. Paddock time.

The trainer shall be responsible for the arrival in the paddock at the time prescribed by the stewards for each horse entered by the trainer.

11VAC10-140-30. Weighing out.

No person other than the horse's owner, trainer, employees of the owner or trainer, paddock judge, horse identifier, assigned valet, commission veterinarian or his designee, steward, farrier, pony rider, or outrider shall touch a horse while it is in the paddock. The material used as a tongue tie shall be supplied by the horse's trainer or his designee, who shall affix the tongue tie in the paddock.

11VAC10-140-50. Saddling horses.

The trainer shall be responsible for the saddling of the horse, and in his absence, he must assign an assistant or substitute trainer to saddle each horse entered by him. All horses must be saddled in the paddock unless permission to saddle a horse elsewhere has been granted by the stewards.

Permission must be obtained from the stewards for the following changes of a horse's equipment from that which the horse used in its last previous start:

1. To add blinkers or any device that would restrict vision or could affect performance to a horse's equipment or to discontinue the use of blinkers or any such device that would restrict vision or could affect performance;
2. To use or discontinue use of a bar plate;
3. To race a horse without shoes or with a type of shoes not generally used for racing; and
4. To race a horse without the jockey carrying a whip.

Changes of equipment shall be noted in the daily program. In the absence of such notation, the change of equipment shall be announced to the public and noted on the closed-circuit television system. The stewards shall cause an appropriate public announcement or a display to be made in the paddock or elsewhere at the discretion of the stewards for the aforementioned changes of equipment.

11VAC10-140-70. First-time starters.

Whips or blinkers may be used on two-year-old horses and other first-time starters, if the horses are schooled from the starting gate under the supervision of the starter, and approved by the starter and the stewards before the time of entry.

11VAC10-140-80. Identifying equipment.

Each horse shall carry a conspicuous saddlecloth number and each jockey shall wear a number on his right arm, both of which correspond to the number of the horse as listed in the daily racing program. In the case of a coupled entry, each horse making up the coupled entry shall carry the same number with a distinguishing letter.

4. The post parade shall not exceed 12 minutes from the time the field enters the racing surface until reaching the starting post, except for unavoidable delays;
5. If a jockey is thrown from a horse during the post parade, he shall remount the horse at the point where he was thrown from the horse;
6. If a jockey is injured during the post parade or a substitute jockey is needed, then the horse shall be returned to the paddock where the horse shall be mounted by the substitute jockey;

7. If a horse leaves the racing surface during the post parade, the horse shall be returned to the racing surface at the nearest practical point to where it left the course and then complete the post parade; and

8. No person shall willfully delay the arrival of a horse at the starting post.

11VAC10-140-110. Lead pony and rider.

A horse may be led to the starting post by a lead pony and rider, but the horse and lead pony shall pass the steward's stand during the post parade en route to the starting post. Lead ponies and riders may be excluded from the paddock at the discretion of the stewards.

11VAC10-140-120. Outrider.

Outriders shall accompany the horses during the post parade and be positioned to render assistance to a jockey riding an unruly horse or catch a loose horse from the time the horses enter the racing surface until reaching the starting post. The outrider shall not help a jockey riding an unruly horse unless the jockey requests the assistance of an outrider. After the start of the race, the outriders shall position themselves to help jockeys in pulling up horses, catch any loose horses or render assistance to any injured horses.

11VAC10-140-130. Post time.

Post time shall be prominently displayed on the closed-circuit television system and, if available, on the infield results board. The starter shall endeavor to get the horses and jockeys at the starting post at post time so as to avoid any delay in effecting the start of the race.

Part III

Starting a Race

11VAC10-140-140. Starter.

The horses and jockeys, lead ponies and riders, and outriders shall be under the supervision of the starter from the time the horses enter the racing surface until the race is started. While the horses, jockeys, lead ponies and pony riders are under his supervision, the starter shall:

1. Grant a delay to allow for the substitution of an injured jockey or for the repairing of broken equipment;
2. Load the horses into the starting gate in the order of their post position or, with the approval of the stewards, load the horses into the starting gate by dividing the field and loading the horses from each section simultaneously;
3. Report to the stewards any delay in the start; and
4. Recall the horses from a false start where a starting gate is not used.

However, the starter, in his discretion, may:

1. Allow other jockeys to dismount during any delay;
2. Unload the horses from the starting gate, if there is a lengthy delay in the start of a race; and
3. Load a fractious horse out of post position order.

11VAC10-140-150. Unmanageable horse.

If a horse is unmanageable at the starting post, the starter may recommend to the stewards that the horse be excused. If the stewards excuse a horse from a race because it is unmanageable, they shall:

1. Order all money wagered on the unmanageable horse deducted from the pari-mutuel pool and order a prompt refund; and
2. Place the unmanageable horse on the stewards' list.

11VAC10-140-160. Starting gate.

Each licensee shall maintain at least two operable starting gates as required by 11VAC10-20-190.

11VAC10-140-170. Fair start.

If a door on the starting gate fails to open, a horse is inadvertently loaded into an incorrect post position, or otherwise fails to obtain a fair start, then the starter shall immediately report the circumstances to the stewards. In these circumstances, the stewards shall:

1. Post the "inquiry" sign on the infield results board;
2. Advise the public through the public address system and any other appropriate means to hold all mutuel tickets;
3. Make a determination of whether the horse obtained a fair start after consulting with the starter, other appropriate persons and reviewing the video tape recordings of the race; and
4. If the stewards determine that a horse did not obtain a fair start, they may order a refund on any or all of the portions wagered upon the horse; however, the horse shall be entitled to any purse money earned by its finish in the race.

11VAC10-140-180. Nonstarter.

If the horse is declared a nonstarter in a stakes race, futurity or other special event, then any entrance or starting fees shall be refunded.

11VAC10-140-190. Assistance prohibited.

Only the jockey may strike a horse at the start of a race. Only the jockey shall be permitted to shout or otherwise assist in breaking the horse away from the starting gate. During the running of a race, no assistance may be rendered by others.

Part IV

Post to Finish

11VAC10-140-200. Leading horse.

A leading horse when clear of all other horses in the race is entitled to any part of the racing surface, but no horse shall cross or weave in front of other horses in any way to impede them, cause interference or constitute intimidation.

11VAC10-140-210. Interference.

During a race, no jockey shall strike, strike at or touch another jockey or another jockey's horse or equipment, or jostle another horse to interfere with that jockey or horse.

11VAC10-140-220. Third party interference.

If a horse or jockey interferes with or jostles another horse, the aggressor may be disqualified, unless the interfered or jostled horse or jockey was partly at fault or the interference was wholly caused by the fault of some other horse or jockey.

11VAC10-140-230. Control of horse.

A jockey shall be responsible for making his best effort to control and guide his mount during the running of the race so that it does not jostle, impede, interfere or intimidate another horse or jockey.

11VAC10-140-240. Off Course.

If a horse leaves the prescribed course of a race and jumps any fence or goes around any beacon or other obstacle other than those on the prescribed course, it must turn back and resume the race from the point at which it originally left the prescribed course, or be disqualified. A rider who continues in a race on a horse thus disqualified may be fined or suspended, or both. If a beacon or flag is dislodged from its position, it is no longer considered to mark the course and can be ignored by the rider.

11VAC10-140-250. Ridden out.

All horses shall be ridden to win or finish as near as possible to the first-place horse and show the best and fastest performance of which it is capable in the running of the race.

11VAC10-140-260. Easing.

A jockey shall not restrain a horse without adequate cause, even if it has no apparent chance to earn a portion of the purse money. A jockey shall not unnecessarily cause a horse to shorten its stride.

11VAC10-140-270. Instructions.

All horses and jockeys are expected to give their best efforts during the race, and any instructions or advice to jockeys to ride or handle their mounts otherwise than to win, is forbidden.

11VAC10-140-280. Reversal of form.

The stewards shall consider marked reversals of form and conduct inquiries of owners, trainers, jockeys and any other holders of permits that they deem appropriate to determine whether the horse was deliberately restrained or impeded in any way from winning or finishing as near as possible to the first-place horse.

11VAC10-140-290. Use of whip.

Whips are to be used uniformly and the stewards shall conduct inquiries into excessive or non-use of a whip, or the dropping of a whip during the running of a race.

11VAC10-140-300. Prohibited equipment.

No device other than the ordinary whip, shall be used to affect the speed of the horse during a race. No sponge or other object may be used to interfere with the respiratory system of a horse.

11VAC10-140-310. Weighing in.

After a race has been run, a jockey shall pull up his horse, ride promptly to the clerk of scales, dismount, and be weighed in by the clerk of scales. The following provisions shall apply to the weighing in of jockeys:

1. The winning horse may be accompanied by an outrider after the horse has been pulled up and is returned to the clerk of scales;
2. If a jockey is prevented from returning to the clerk of scales because of an accident or injury to either horse or rider, the jockey may be conveyed to the winners' circle by other means or excused by the stewards from weighing in;

3. A jockey must, upon returning to the clerk of scales, unsaddle the horse he has ridden and no other person shall touch the horse except by its bridle;
4. No person shall help a jockey in removing from the horse the equipment that is to be included in the jockey's weight;
5. No person shall throw any covering over any horse at the place of dismounting until the jockey has removed all the equipment that is to be included in his weight;
6. A jockey shall carry over to the scales all pieces of equipment carried when weighing out, but after weighing in, the equipment may be handed to a valet;
7. A jockey shall not weigh in at less weight than he weighed out, and the stewards shall be informed of any underweight or overweight carried by the jockey; and
8. If a jockey weighs in two or more pounds less than the weight at which he weighed out, the horse shall be disqualified.

With the vest lying on a smooth, flat massive concrete base with the inside of the vest facing the striker and positioned so that the striker will impact on an area of typical thickness, not reinforced by additional material, raise and release the striker starting at a height of 0.2 meter and increasing the height by increments of 0.2 meter to a height that will result in a deceleration of over 300 gravity units ($1G=9.81 \text{ ms}^{-1}$) as measured by recording the signal from an accelerometer through the impact from the time before the striker impacts the vest until the accelerometer returns to the same level as before the impact,
 - d. Record the gravity units measured at each height increment on a line graph that has the gravity units in ascending order as the vertical axis and the release height in meters in ascending meters as the horizontal axis,
 - e. Plot the height in meters at which the deceleration reached 300 gravity units, and
 - f. Multiply the height obtained in subdivision 3 e of this subsection by 10 to calculate the shock absorbance rating.

11VAC10-150-20. Paddock procedures.

The trainer shall be responsible for the arrival in the paddock at the time prescribed by the stewards for each horse entered by the trainer. The following provisions shall apply to the procedures to be followed in the paddock:

1. The paddock time shall not be less than one hour prior to post time;
2. Except for warmup trip, no horse shall leave the paddock until the post parade;
3. No driver, trainer or groom, once admitted to the paddock shall leave the paddock unless to attend a horse during a warmup trip;
4. Once leaving the paddock no person, except an owner who has another horse entered in a later race, shall be permitted to return;
5. Any horse that falls to the racing surface during a warmup trip shall be automatically excused by the stewards;
6. The licensee shall provide the services of a farrier during hours when horses are racing or taking warmup trips; and
7. The licensee shall provide equipment so that racing will not be unnecessarily delayed due to broken equipment.

8. A trainer may exercise his option not to take warmup trips with his horse prior to racing; however, such horse shall be satisfactorily paraded before the commission veterinarian or his assistant prior to starting in a race to determine the horse's fitness for racing.

11VAC10-150-30. Sulky.

Harness racing shall be conducted with each horse hitched to a United States Trotting Association-approved sulky. Each sulky shall have dual shafts and shall be equipped with wheel discs on the inside and outside of each wheel. During inclement weather, the wheels may be covered with mud guards. With the permission of the stewards, harness racing may be conducted under saddle.

11VAC10-150-40. Identifying equipment.

The licensee shall supply to each horse entered a numbered saddle pad which corresponds to the number of the horse as listed in the daily racing program. The horse shall wear the designated saddle pad during all warmup trips.

11VAC10-150-50. Racing colors.

Drivers must wear distinguishing colors, clean white pants and a safety helmet, with the chin strap in place, during all warmup trips and races.

11VAC10-150-60. Substitute driver.

No driver shall, without good and sufficient reason, refuse to drive a horse when ordered by the stewards to substitute for another driver. When a driver is programmed to drive a horse and removed at his request, he shall not be permitted to drive another horse in the same race.

11VAC10-150-70. Late driver change.

No driver may be changed without the permission of the stewards and for good cause. A person who causes a driver change after the daily racing program has been printed shall be subject to disciplinary action.

11VAC10-150-80. Hopples.

A horse habitually wearing hopples shall not be permitted to start in a race without them unless permission is granted by the stewards. A free-legged pacer shall not be permitted to race with hopples unless permission is granted by the stewards. Any person altering a horse's hopples for a fraudulent purpose shall be subject to disciplinary action.

11VAC10-150-90. Excessive use of the whip.

Drivers will be allowed whips not exceeding three feet, nine inches, plus a snapper not longer than six inches. The following actions shall be considered as excessive use of the whip:

1. Causing visible injury;
2. Whipping a horse after a race; and
3. Whipping under the arch or shafts of the sulky.

The use of the whip shall be confined to an area above and between the sulky shafts, to include the sulky shafts and the outside wheel discs. Drivers shall keep a line in each hand from the start of the race until the head of the stretch finishing the race.

The commission veterinarian or his designee shall make a mandatory visual inspection of each horse following each race for evidence of excessive use of the whip.

11VAC10-150-100. Post parade.

No horse may be excused from the post parade without the permission of the stewards. The horses comprising a race shall be formed in a post parade and on the track no less than 12 minutes prior to post time, unless, due to inclement weather, the stewards decrease the length of time. The starter shall inform the drivers of the number and length of warmup scores to be taken prior to going to the starting gate.

11VAC10-150-110. Timing procedure.

The time shall be taken from the first horse leaving the point which the distance of the race is measured until the winner reaches the wire. The leading horse shall be timed and his time only shall be announced. In the case of a dead heat for win, the time shall be accorded to the horses involved in the dead heat.

Part III
Driving Rules

11VAC10-150-120. Start.

A driver shall obey the starter's instructions. The starter may make recommendations to the stewards that disciplinary action be taken against a driver for:

1. Delaying the start;
2. Failing to obey the starter's instructions;
3. Rushing ahead of the inside or outside wing of the starting gate;
4. Coming to the starting gate out of position.
5. Crossing over before reaching the starting post;
6. Interfering with another driver or horse during the start; and
7. Failing to come up into the correct post position.

When a horse comes to the starting gate out of its assigned post position and gains an unfair advantage by moving either to the left or right of its assigned post position before the starter gives the word "go," the horse may be disqualified and placed by the stewards.

11VAC10-150-130. Racing.

A. Although a leading horse is entitled to any part of the racing surface, except after selecting his position in the home stretch, the driver of the leading horse and any other driver committing any of the following acts shall be subject to disciplinary action:

1. Changing either to the right or left during any part of the race when another horse is so near him that it causes the other horse to shorten its stride or make a break;
2. Jostling, striking, hooking wheels or interfering with another horse or driver;
3. Crossing sharply in front of a horse or crossing over in front of a field of horses in a reckless manner, endangering other drivers;
4. Swerving in and out or pulling up quickly;
5. Crowding a horse or driver;

6. Carrying a horse out;
7. Causing confusion or interference among trailing horses;
8. Letting a horse pass inside needlessly or otherwise helping another horse to improve his position in the race;
9. Committing any act which shall impede the progress of another horse or causing him to break;
10. Changing course after selecting a position in the home stretch;
11. Swerving in and out, or bearing in and out, in a manner so as to interfere with another horse, cause another driver to change course or take back;
12. Driving in a careless or reckless manner;
13. Loud shouting or other improper conduct; and
14. Kicking a horse, which shall be defined as a blow or thrust with the foot against any part of the horse's body or to impel by striking with the foot. Removal of a foot from the stirrups in and of itself shall not constitute the offense of kicking. The stewards shall assess a minimum fine of \$200, a suspension or both disciplinary actions for the first violation, and any subsequent violation shall result in a suspension.

B. If at a racetrack that does not have a continuous solid inside hub rail a horse or part of the horse's sulky leaves the course by going inside the hub rail or other demarcation that constitutes the inside limits of the course, the offending horse shall be placed one or more positions where, in the opinion of the stewards, the action gave the horse an unfair advantage over other horses in the race or the action helped the horse improve its position in the race. In addition, when an act of interference causes a horse or part of the horse's sulky to cross the inside limits of the course, and the horse is placed by the judges, the offending horse shall be placed behind the horse with which it interfered.

11VAC10-150-140. Objections.

A driver shall lodge an objection by promptly informing the patrol judge prior to pulling up his horse after the race and dismounting. He shall proceed immediately to the designated telephone in the paddock to explain his objection.

11VAC10-150-150. Driven to the finish.

A driver shall drive his horse so as to win or finish as near as possible to the first-place horse and demonstrate the best and fastest performance of which it is capable during the race.

11VAC10-150-160. Inconsistent driving.

When a horse is driven or has been driven in the past with a design to prevent its winning a race, which it was evidently capable of winning, or driven in an inconsistent manner, or driven in a manner to perpetrate a fraud, the driver and anyone conspiring with him shall be subject to disciplinary action.

11VAC10-150-170. Breaking.

A. Driver's responsibility. When a horse breaks from its gait, the driver shall at once, where clearance exists, take the horse to the outside and pull it to its gait. The stewards may set any horse back one or more places if a driver of a breaking horse does not:

1. Properly attempt to pull the horse to its gait;
2. Take the horse to the outside where clearance exists; or

3. Lose ground by the break.

B. Lapped-on break. The stewards shall set back a breaking horse when the nose of a contending horse, which is on gait, is at least even with the hind quarter of the breaking horse at the finish.

C. Fraudulent intent. A driver allowing his horse to break, or causing his horse to make a break, for a fraudulent purpose shall be subject to disciplinary action.

D. Notation. One of the stewards shall call out a break made during the course of a race so that the clerk of the course may make a notation on the horse's eligibility certificate.

E. Any horse making a break that causes interference to other contending horses may be placed behind all offended horses; if there has been no failure on the part of the driver of the breaking horse in complying with this section, the driver may not be subject to disciplinary action by the stewards.

11VAC10-150-180. Excessive conversation.

A driver engaging in excessive or unnecessary conversation between or among other drivers while on the racing surface, either during warmup trips, post parade or races shall be subject to disciplinary action.

11VAC10-150-190. Qualifying races.

No Standardbred may be raced unless it has a race at the chosen gait, with a charted line in qualifying time, within 30 days of its last race. If a Standardbred does not have a charted line within 30 days of its race, then the horse must race in a qualifying race under the supervision of the stewards to determine its fitness for racing. The following provisions shall apply to qualifying races:

1. The licensee shall provide appropriate personnel for qualifying races to keep a charted line for each Standardbred in each qualifying race, an electronic timing device shall be in operation, and a photo-finish camera shall be in operation;
2. The licensee shall schedule as many qualifying races on as many days as is deemed appropriate for the horse supply, and the licensee shall maintain the racing surface in condition so that all Standardbreds have a reasonable opportunity to meet the qualifying time;
3. A Standardbred must race in a qualifying race if it has one race over a fast track that is not in the qualifying time as agreed upon by the licensee and the representative of the horsemen or on gait;
4. A Standardbred coming off the Veterinarian's List must race in a qualifying race, and the stewards, in their discretion, may require the horse to race in one or more qualifying races to establish its fitness for racing; and
5. The stewards, in their discretion, may authorize the collection of blood, urine or other samples of body substances from Standardbreds after competing in qualifying races.

11VAC10-150-200. Time trials.

For Standardbreds, time trials are permitted with the permission of the licensee and the commission provided that (i) the horse is subject to post-race testing; (ii) an electronic timing device is utilized; (iii) if the horse is accompanied by prompters, the prompters shall not precede the horse; and (iv) the stewards are present.

CHAPTER 160

STEEPLECHASE RACING

11VAC10-160-10. Definitions.

The following words and terms when used in this chapter shall have the following meanings unless the context clearly indicates otherwise:

"Field" means the spaces between the fences, the space between the starting point and the first fence, and the space between the last fence and the finish.

"Steeplechase racing" means horse racing conducted over a surface including obstacles.

11VAC10-160-20. Generally.

The provisions of 11VAC10-140, Flat Racing, shall apply equally to the conduct of steeplechase racing, except where this chapter specifies otherwise.

11VAC10-160-30. Overweights.

If the overweight is more than one pound, the jockey shall declare the amount of the overweight to the clerk of scales no later than 60 minutes before post time. If the overweight exceeds 10 pounds, a substitute jockey must be named, except that an amateur jockey may carry more than 10 pounds of overweight. No rider may carry more than 195 pounds in a race.

11VAC10-160-40. Weighing out.

If a horse is equipped with a martingale, breast-plate or yoke, then this equipment must be put on the scale and included in the jockeys' weight.

11VAC10-160-50. Tongue ties.

The material used as a tongue tie shall be supplied by the horse's trainer, who shall affix the tongue tie in the paddock, except by the permission of the stewards, the tongue tie may be affixed in the horse's stall prior to going to the paddock.

11VAC10-160-60. Identifying equipment.

Each horse shall carry a conspicuous saddlecloth number which corresponds to the number of the horse as listed in the daily racing program. In the case of a coupled entry, each horse making up the coupled entry shall carry the same number with a distinguishing letter.

11VAC10-160-70. Post parade.

No horse shall be jumped over an obstacle on the way to the starting gate.

11VAC10-160-80. Starting.

Horses may be started either by a starting gate, barrier or a flag.

11VAC10-160-100. Remounting after fall.

Any horse losing its rider during the running of a race may not be remounted.

11VAC10-160-110. Weighing in.

If a jockey weighs in at less than the weight at which he weighed out, the horse shall be disqualified unless the stewards are satisfied that such shortness of weight was caused by exceptional circumstances.

11VAC10-160-120. Fences.

Any course and obstacles over which steeplechase races are to be conducted must conform to the standards established by the National Steeplechase Association. The following shall be a general guideline, when conditions permit:

1. There shall be at least five fences in every mile;
2. Wings shall be a minimum of 20 feet long and a minimum of 6 feet at their highest point; and
3. Beacons shall be a minimum of 4 feet in height.

11VAC10-160-130. NSA (National Steeplechase Association) licenses.

A trainer shall not be permitted to train horses for steeplechase races unless he possesses the appropriate permit from the commission and a trainer's license from the National Steeplechase Association. A jockey shall not be permitted to ride horses in steeplechase races unless he possesses the appropriate permit from the commission and a jockey's license from the National Steeplechase Association.

11VAC10-160-140. Minimum age.

No horse shall be entered or shall start in a steeplechase race unless it is at least three years old.

11VAC10-160-150. Use of spurs.

Spurs may be used in steeplechase races, provided that they are of a type that will prod but not cut. All spurs must be approved by the stewards.

CHAPTER 170
CONDUCT OF QUARTER HORSE RACING

11VAC10-170-10. Generally.

The provisions of 11VAC10-140-10 et seq., Conduct of Flat Racing, shall apply equally to the conduct of quarter horse racing, except where this chapter specifies otherwise.

11VAC10-170-20. Starting.

The starting gate shall be located at the starting post so that a race is actually run at the designated distance.

11VAC10-170-30. Timing.

The timing of a race shall commence when the first horse breaks the electronic beam at the starting post and when the winner breaks the electronic beam at the wire.

11VAC10-170-40. Distance.

Distance in a race for quarter horses shall be reckoned in yards instead of furlongs or miles.

11VAC10-170-50. Time.

Time in a race for quarter horses shall be reckoned in at least hundredths of a second and a time shall be given for each horse.

CHAPTER 180
MEDICATION

11VAC10-180-10. Definitions.

The following words and terms when used in this chapter shall have the following meanings unless the context clearly indicates otherwise:

"Bleeder" means a horse that has been diagnosed as suffering from exercise-induced pulmonary hemorrhage based on external or endoscopic examination by a commission veterinarian or a practicing veterinarian who is a permit holder in the Commonwealth of Virginia or any other jurisdiction.

"Bleeder list" means a tabulation of all bleeders to be maintained by the stewards.

"Commission" means the Virginia Racing Commission.

"Controlled substance" means a drug, substance, or immediate precursor in Schedules I through VI of the Virginia Drug Control Act (§ 54.1-3400 et seq. of the Code of Virginia) or any substance included in the five classification schedules of the federal Uniform Controlled Substances Act (21 USC § 301 et seq.).

"Furosemide list" means a tabulation of horses permitted to use the medication of furosemide on race day by declaration to the stewards, in addition to horses on the bleeder list.

"Injectable substance" means a liquid or solid substance that may require the addition of a liquid via a needle and syringe to change it from a solid into a liquid, contained in a vial that can be accessed and administered only via a needle and syringe.

"Licensed veterinarian" means a veterinarian who holds a valid license to practice veterinary medicine and surgery under the applicable laws of the jurisdiction in which such person's practice is principally conducted.

"Milkshaking" or "bicarbonate loading" means administering a bicarbonate or other alkalizing substance to a horse that elevates the horse's total carbon dioxide level or pH level above those existing naturally in the untreated horse at normal physiological concentrations as determined by the commission, regardless of the means of administration.

"Permitted race day substances" means only substances approved by the commission that are administered solely for the benefit and welfare of the horse, nonperformance altering, of no danger to riders/drivers, and unlikely to interfere with the detection of prohibited substances.

"Prescription substance" means any substance that is administered or dispensed or labeled for use by or on the order of a licensed veterinarian for the purpose of medical treatment of an animal patient when a bona fide doctor-patient relationship has been established.

"Primary laboratory" means a facility designated by the commission for the testing of test samples.

"Prohibited substance" means any drug, medication, or chemical foreign to the natural horse, whether natural or synthetic, or a metabolite or analog thereof, the use of which is not expressly permitted by the regulations of the commission.

"Reference laboratory" means a facility designated by the commission for the testing of split samples.

"Ship-in meet" means a limited meet, generally one, two, or three consecutive days of racing, to which the preponderance of horses ship in to race, leave after racing, and do not remain for daily training.

"Substance" means any drug, medication, or chemical foreign to the natural horse or human being, whether natural or synthetic, or a metabolite or analog thereof.

"Test sample" means any sample of blood, urine, saliva, or tissue obtained from a horse or person for the purpose of laboratory testing for the presence of substances.

"Tubing" means the administration to a horse of any substance via a naso-gastric tube.

11VAC10-180-25. Veterinary Practices.

A. Veterinarians under authority of commission veterinarian. Veterinarians holding valid veterinarian permits issued by the commission and practicing at any location under the jurisdiction of the commission are under the authority of the commission veterinarian and the stewards. The commission veterinarian shall recommend to the stewards the discipline that may be imposed upon a veterinarian who violates these regulations.

B. Treatment restrictions.

1. Only licensed trainers, licensed owners, or their designees shall be permitted to authorize veterinary medical treatment of horses under their care, custody, and control at locations under the jurisdiction of the commission.
2. Except as otherwise provided in the regulations, no person other than a licensed veterinarian holding a valid permit issued by the commission may administer a prescription or controlled medication, drug, chemical, or other substance to a horse at any location under the jurisdiction of the commission.
3. This section does not apply to the administration of the following substances unless the quantity administered results in detection in post-race samples or interferes with post-race testing:
 - a. A recognized noninjectable nutritional supplement approved by a commission veterinarian;
 - b. A noninjectable, nonprescription medication or substance approved by a commission veterinarian; and
 - c. A noninjectable medication or substance on the direction or by prescription of a licensed veterinarian.
4. No person, except a veterinarian holding a valid veterinarian's permit or an assistant under his immediate supervision, shall have in his possession within the enclosure any hypodermic syringe or needle or any instrument capable of being used for the injection of any substance.
5. No person, except a veterinarian holding a valid veterinarian's permit or an assistant under his immediate supervision, shall have in his possession within the enclosure any injectable substance.
6. Notwithstanding these regulations, a veterinarian or other permit holder may possess within the enclosure of a horse racing facility a hypodermic syringe and needle for the purpose of administering to himself a substance, provided that the permit holder has

documentary evidence that the substance can only be administered by injection and that the substance to be administered by injection has been prescribed for him.

7. Unless granted approval by the commission veterinarian, practicing veterinarians shall not have contact with an entered horse on race day. Any unauthorized contact may result in the horse being scratched from the race in which it was scheduled to compete and may result in further disciplinary action by the stewards.

C. Veterinarian treatment reports.

1. Practicing veterinarians must maintain complete records of all treatments, including date, time, and proper identification of each horse. The record shall contain the name of the trainer, the name of the horse, all medications and dosages administered, and all diagnostic and therapeutic procedures performed on the horse.

2. At the request of the commission veterinarian or stewards, practicing veterinarians shall produce within 24 hours the billing and treatment records and other information for any horse treated by the veterinarian.

3. A medication report that is consistent with analytical results of a positive test and is filed prior to post time for the race in question may be used as a mitigating factor in determining the nature and extent, if any, of a rules violation.

11VAC10-180-35. Prohibited Practices.

A. No trainer shall allow a horse to appear in a race, qualifying race, or official timed workout, when the horse contains in its system any prohibited substance, as determined by testing of blood, saliva, or urine, or any other reasonable means.

B. No person shall administer any prohibited substance to a horse on race day. Furosemide is the only substance specifically permitted for use in approved horses on race day.

C. No veterinarian or permit holder shall, without good cause, possess or administer any substance to a horse stabled within the enclosure or at any facility under the jurisdiction of the commission if the substance:

1. Has not been approved by the U.S. Food and Drug Administration (FDA) for any use (human or animal), or by the U.S. Department of Agriculture's Center for Veterinary Biologics;

2. Is on the U.S. Drug Enforcement Agency's Schedule I or Schedule II of controlled substances as prepared by the Attorney General of the United States pursuant to 21 USC §§ 811 and 812;

3. May endanger the health and welfare of the horse or endanger the safety of the rider or driver, or may adversely affect the integrity of racing; or

4. Does not have a recognized laboratory analytical method to detect and confirm its administration.

D. No person, except a veterinarian holding a valid veterinarian's permit or an assistant under his immediate supervision, shall have in his possession within the enclosure of a horse racing facility any prescription substance for animal use unless:

1. The person actually possesses, within the enclosure of the horse racing facility, documentary evidence that a prescription has been issued to him for the substance by a licensed veterinarian;

2. The prescription substance is labeled with a dosage for the horse or horses to be treated with the prescription substance; and

3. The horse or horses named in the prescription are then under the care and supervision of the permit holder and are then stabled within the enclosure of the horse racing facility.

E. The possession or administration of equine growth hormone, venoms, erythropoietin (Epogen), darbepoietin, oxyglobin, Hemopure, or any analogous substance that increases oxygen-carrying capacity of the blood is prohibited. Furthermore, should the analysis of a test sample detect the presence of antibodies of erythropoietin or darbepoietin or any analogous substance in the horse's blood that indicates a history of use of these substances, the horse shall be prohibited from racing and placed on the veterinarian's list until the horse tests negative for the presence of such antibodies.

F. The use of androgenic and anabolic steroids is prohibited in racing horses as stipulated in [11VAC10-180-75](#).

G. The use of an extracorporeal shockwave therapy device or radial pulse wave therapy device is prohibited on the racetrack premises and at any site that falls under the jurisdiction of the Virginia Racing Commission unless:

1. The therapy device is registered with the commission veterinarian;
2. The therapy device is used by a veterinarian who is a permit holder; and
3. Each use of the therapy device is reported to the commission veterinarian on the treatment report.

Notwithstanding the provisions above, whether on or off the premises, a shockwave therapy device or radial pulse wave therapy device shall not be used on a racehorse fewer than 10 days before the horse is to race or train at racing speed. For the purposes of this calculation, the day of treatment shall be considered day one.

H. Tubing of horses prohibited. The tubing or dosing of any horse for any reason on race day is prohibited, unless administered for medical emergency purposes by a licensed veterinarian in which case the horse shall be scratched. The practice of administration of any substance, via a tube or other method, into a horse's stomach on race day is considered a violation of this chapter.

1. Using or possessing the ingredients or the paraphernalia associated with forced feeding to a horse of any alkalizing agent with or without a concentrated form of carbohydrate, or administering any substance by tubing or other method on race day shall be considered a violation of this chapter.
2. Under the provisions of this subsection, endoscopic examination shall not be considered a violation of this chapter.

I. Notwithstanding any other provision in this chapter, no substance of any kind may be administered to a horse within four hours, or three hours for a ship-in meet, of the scheduled post time for the race in which the horse is entered. To ensure uniform supervision and conformity to this regulation, the trainer shall have each horse programmed to race stabled in its assigned stall within the enclosure of the horse race facility no fewer than five hours, or four hours for a ship-in meet, prior to post time for the respective race.

J. Intra-articular injections prohibited. Injecting any substance or inserting a needle into a joint space is prohibited within seven days prior to the horse's race.

K. Peri-neural injections prohibited. Injecting a local anesthetic or other chemical agent adjacent to a nerve is prohibited within three days prior to the horse's race.

L. Hyperbaric oxygen chamber prohibited. Subjecting a horse to therapy utilizing a hyperbaric oxygen chamber is prohibited within four days prior to the horse's race.

11VAC10-180-60. Medications and prohibited substances.

A. Medications and prohibited substances are divided into five classes. The classes are:

1. Class 1. Substances found in this class have no generally accepted medical use in the racehorse and have a very high pharmacological potential for altering the performance of a racehorse. These substances should never be found in the horse's system through post-race testing or in the possession of any holder of a permit within the enclosure of a horse racing facility licensed by the commission. Such substances are potent stimulants of the nervous system including opiates, opium derivatives, synthetic opioids, psychoactive drugs, amphetamines and U.S. Drug Enforcement Agency (DEA) Schedules I and II controlled substances.

2. Class 2. Substances in this class have a high potential to affect the outcome of a race. Most are not generally accepted as therapeutic agents in the racehorse. Many are products intended to alter consciousness or the psychic state of humans and have no approved or indicated use in the horse. Some, such as injectable local anesthetics, have legitimate uses in equine medicine but should not be found in a racehorse through post-race testing. The following groups of substances are in this class:

- a. Opiate partial agonists or agonist-antagonists;
- b. Nonopiate psychotropic drugs, which may have stimulant, depressant, analgesic or neuroleptic effects;
- c. Miscellaneous substances that might have a stimulant effect on the central nervous system (CNS);
- d. Drugs with prominent CNS depressant action;
- e. Antidepressant and antipsychotic drugs, with or without prominent CNS stimulatory or depressant effects;
- f. Muscle-blocking substances that have a direct neuromuscular blocking action;
- g. Local anesthetics that have a reasonable potential for use as nerve-blocking agents (except procaine);
- h. Other biological substances and snake venoms or chemicals that may be used as nerve-blocking agents; and
- i. Erythropoietin (Epogen), darbepoietin, oxyglobin, hemopure, or other blood-doping agents.

3. Class 3. Substances found in this class may or may not have an accepted therapeutic use in the horse but have a potential to enhance performance, and their presence in the horse's system is prohibited on race day. The following groups of substances are in this class:

- a. Substances affecting the autonomic nervous system that do not have prominent CNS effects, but that do have prominent cardiovascular and respiratory system effects (bronchodilators are included in this category);
- b. Local anesthetics that have nerve-blocking potential but also a high potential for producing urine residue levels from a method of use not related to the anesthetic effect of the substance (procaine);
- c. Miscellaneous substances with mild sedative action, such as the sleep-inducing antihistamines;

- d. Primary vasodilating/hypotensive agents;
 - e. Potent diuretics affecting renal function and body fluid composition; and
 - f. Anabolic and/or androgenic steroids and/or growth hormones other than boldenone, stanozolol, nandrolone, and testosterone, which are classified elsewhere in this section.
4. Class 4. Substances in this class are primarily therapeutic medications routinely used in racehorses. These may influence performance, but generally have a more limited ability to do so. The following groups of drugs are in this class:
- a. Nonopiate substances that have a mild central analgesic effect;
 - b. Substances affecting the autonomic nervous system that do not have prominent CNS, cardiovascular or respiratory effects:
 - (1) Substances used solely as topical vasoconstrictors or decongestants;
 - (2) Substances used as gastrointestinal antispasmodics;
 - (3) Substances used to void the urinary bladder; and
 - (4) Substances with a major effect on CNS vasculature or smooth muscle of visceral organs.
 - (5) Antihistamines that do not have a significant CNS depressant effect (this does not include H1 blocking agents, which are listed in Class 3).
 - c. Mineral corticoid substances;
 - d. Skeletal muscle relaxants;
 - e. Anti-inflammatory substances that may reduce pains as a consequence of their anti-inflammatory actions, which include:
 - (1) Nonsteroidal anti-inflammatory drugs (NSAIDs);
 - (2) Corticosteroids (glucocorticoids); and
 - (3) Miscellaneous anti-inflammatory agents;
 - f. Boldenone, stanozolol, nandrolone, and testosterone, individually but not in combination, at levels stipulated in 11VAC10-180-75;
 - g. Less potent diuretics;
 - h. Cardiac glycosides and anti-arrhythmics including:
 - (1) Cardiac glycosides;
 - (2) Anti-arrhythmic agents (exclusive of lidocaine, bretylium and propranolol); and
 - (3) Miscellaneous cardiotoxic drugs;
 - i. Topical anesthetics agents not available in injectable formulations;
 - j. Antidiarrheal agents; and
 - k. Miscellaneous substances including:
 - (1) Expectorants with little or no other pharmacologic action;
 - (2) Stomachics; and

(3) Mucolytic agents.

5. Class 5. Drugs in this class are therapeutic medications for which concentration limits have been established as well as certain miscellaneous agents. Included specifically are agents that have very localized action only, such as anti-ulcer drugs and certain anti-allergenic drugs. The anticoagulant drugs are also included.

B. Disciplinary actions.

1. In issuing penalties against individuals found guilty of medication and drug violations a regulatory distinction shall be made between the detection of therapeutic medications used routinely to treat racehorses and those drugs that have no reason to be found at any concentration in the test sample on race day.

2. The stewards or the commission may use the most recent revision of the Association of Racing Commissioners International (RCI) Uniform Classification Guidelines for Foreign Substances and the Multiple Violations Penalty System as the guideline in the penalty stage of the deliberations for a rule violation for any prohibited substance.

3. If a licensed veterinarian is administering or prescribing a drug not listed in the RCI Uniform Classification Guidelines for Foreign Substances, the identity of the drug shall be forwarded to the commission veterinarian to be forwarded to RCI for classification.

4. Any drug or metabolite thereof found to be present in a pre-race or post-race sample that is not classified in the most recent RCI Uniform Classification Guidelines for Foreign Substances may be assumed to be an RCI Class 1 Drug and the trainer and owner may be subject to those penalties as set forth in schedule "A" unless satisfactorily demonstrated otherwise by the Racing Medication and Testing Consortium, with a penalty category assigned.

5. Any permit holder of the commission, including practicing veterinarians, found to be responsible for the improper or intentional administration of any drug resulting in a positive test may be subject to the same penalties set forth to the trainer.

6. Any veterinarian found to be involved in the administration of any drug carrying the penalty category of "A" shall be referred to the respective state licensing board of veterinary medicine for consideration of further disciplinary action and/or license revocation. This is in addition to any penalties issued by the stewards or the commission.

7. Any person who the stewards or the commission believe may have committed acts in violation of criminal statutes shall be referred to the appropriate law-enforcement agency. Administrative action taken by the stewards or the commission in no way prohibits a prosecution for criminal acts committed, nor does a potential criminal prosecution stall administrative action by the stewards or the commission.

8. Pursuant to 11VAC10-60-70 E, all horses in the care of a trainer who is suspended for more than 10 days must be transferred to another trainer approved by the stewards. During the period of suspension the suspended trainer shall have no communication with the new trainer, the new trainers' staff, or the horse owner; shall not benefit financially from transferred horses in his stable during the time of suspension; and shall not be permitted on the grounds except with the permission of the stewards.

11VAC10-180-70. Phenylbutazone, Flunixin, and other Nsaids.

A. Generally. By this regulation, the Virginia Racing Commission prohibits the use of multiple NSAIDs in a horse on any given day (stacking) within 96 hours prior to the horse's race.

Despite this prohibition of stacking, this regulation specifically permits the use of one of either phenylbutazone, flunixin, or ketoprofen in racehorses in the quantities provided for in this chapter.

B. Quantitative testing. Any horse to which phenylbutazone, flunixin, or ketoprofen has been administered shall be subject to testing at the direction of the commission veterinarian to determine the quantitative levels of phenylbutazone, flunixin, and ketoprofen or the presence of other substances that may be present.

C. Disciplinary actions. The stewards may take disciplinary actions for reports of quantitative testing by the primary testing laboratory for levels of phenylbutazone quantified at levels above 2.0 micrograms per milliliter of serum or plasma, flunixin quantified at levels above 20 ng per milliliter of serum or plasma, or ketoprofen quantified at levels above 2.0 ng per milliliter of serum or plasma in horses following races, qualifying races, and official timed workouts for the stewards or commission veterinarian, and may use the most recent revision of the Association of Racing Commissioners International (RCI) Uniform Classification Guidelines for Foreign Substances and the Multiple Violations Penalty System as a guide. The stewards, in their discretion, may impose other more stringent disciplinary actions against trainers or other permit holders who violate the provisions under which phenylbutazone, flunixin, or ketoprofen is permitted by the commission.

11VAC10-180-75. Androgenic and Anabolic Steroids.

A. All androgenic and anabolic steroids are prohibited in racing horses, except as provided in this section.

B. Residues of the major metabolite of stanozolol, nandrolone, boldenone, and testosterone at concentrations less than the thresholds indicated in this section are permitted in test samples collected from racing horses.

C. Concentrations of these substances identified in subsection B of this section shall not exceed the following threshold concentrations:

1. Stanozolol – 100 pg/ml in serum or plasma for all horses regardless of gender.
2. Boldenone – 100 pg/ml in serum or plasma for all horses regardless of gender.
3. Nandrolone.
 - a. 100 pg/ml in serum or plasma in geldings, fillies, and mares.
 - b. Male horses other than geldings will not be tested for nandrolone.
4. Testosterone.
 - a. 100 pg/ml in serum or plasma in geldings, fillies, and mares.
 - b. Male horses other than geldings will not be tested for testosterone.

D. The presence of more than one of the four substances identified in subsection B of this section at concentrations greater than the individual thresholds indicated in subsection C of this section or a combination of any two or more substances recognized as androgenic or anabolic is prohibited.

E. The gender of each horse must be so identified for test samples submitted to the laboratory.

F. Any horse administered an androgenic or anabolic steroid to assist in the recovery from illness or injury may be placed on the veterinarian's list in order to monitor the concentration of the drug in serum or plasma. After the concentration has fallen below the designated threshold, the horse is eligible to be removed from the list.

G. The stewards may take disciplinary actions for reports of quantitative testing by the primary testing laboratory indicating the presence of one or more androgenic or anabolic steroid at concentrations above the individual thresholds indicated in subsection C of this section and may use the most recent revision of the Association of Racing Commissioners International (RCI) Uniform Classification Guidelines for Foreign Substances and the Multiple Violations Penalty System as a guide.

11VAC10-180-80. Permitted Race Day Substances.

A. Generally. Furosemide shall be the only medication permitted to be administered on race day and only to those horses eligible for furosemide treatment as designated by the bleeder list and furosemide list described in subsection B of this section.

B. Bleeder medications. By this regulation, the Virginia Racing Commission specifically permits the use of bleeder medications in only those horses that:

1. Have been placed on the bleeders list by the stewards;
2. Have raced on furosemide in another jurisdiction on the last previous start in a pari-mutuel race, as indicated by the past performance chart or by verification by the commission veterinarian from that racing jurisdiction, or both; or
3. Have been placed on the furosemide list by the stewards. A horse is eligible for inclusion on the furosemide list if the licensed trainer and a licensed veterinarian determine it is in the horse's best interest to race with furosemide, and the prescribed commission form is presented to the commission veterinarian prior to the close of entries for the horse's race. A horse placed on the furosemide list without demonstrating an episode of exercise-induced pulmonary hemorrhage is not restricted from racing for the usual recovery period described in [11VAC10-180-85 D](#). However, any future episode of exercise-induced pulmonary hemorrhage shall be considered a reoccurrence of bleeding for the purpose of determining restrictions from racing, as provided in this chapter.
 - a. A trainer or owner may discontinue the administration of furosemide to his racehorse only with the permission of the stewards. The request must be submitted in writing on forms prescribed by the commission and prior to entering the horse in a race.
 - b. A horse removed from the furosemide list may not be placed back on the furosemide list for a period of 60 calendar days unless the horse suffers an external bleeding incident witnessed by the commission veterinarian or his designee. In such case, the horse shall be placed on the bleeders list as though that bleeding incident was a reoccurrence of bleeding and subjected to a minimum 30-day or 90-day restriction for recovery as provided in this chapter.

C. Furosemide.

1. Procedures for usage. The use of furosemide on race day is permitted by the commission only in horses eligible to receive bleeder medications and under the following circumstances:
 - a. Furosemide shall be administered by a single dose intravenously no less than four hours, or three hours for a ship-in meet, prior to post time within the enclosure of the horse race facility by a veterinarian who shall be specifically designated by the commission to administer furosemide.
 - b. The furosemide dosage administered shall not exceed 10 ml (500 mg) and shall not be less than 3.0 ml (150 mg). At a ship-in meet, the minimum dosage shall be not less than 2.0 ml (100 mg).

c. The veterinarian administering the furosemide shall be an employee of the commission or otherwise observed by an employee of the commission who shall deliver a furosemide treatment report to the commission no later than two hours prior to post time. The furosemide treatment report shall contain the following:

- (1) The trainer's name, date, horse's name, and horse's identification number;
- (2) The time furosemide was administered to the horse;
- (3) The dosage level administered for this race;
- (4) The barn and stall number; and
- (5) The signature of the veterinarian, who is a permit holder and is specifically designated by the commission to administer furosemide.

2. Furosemide quantification. Furosemide levels must not exceed 100 nanograms per milliliter (ng/ml) of serum or plasma and urine specific gravity measuring 1.010 or lower. If a urine sample is unavailable for specific gravity measurement, serum or plasma concentration may not exceed 100 nanograms per milliliter. Furosemide must be present in the serum or plasma or urine of any horse that has been designated in the program as being treated with furosemide.

D. Disciplinary actions.

1. For the first violation of the regulation pertaining to furosemide quantification (subdivision C 2 of this section), the stewards shall issue a written reprimand to the trainer and to the practicing veterinarian, if applicable.
2. For the second violation of the regulation pertaining to furosemide quantification (subdivision C 2 of this section), the stewards shall fine the trainer, practicing veterinarian, or both an amount not to exceed \$500.
3. For the third violation of the regulation pertaining to furosemide quantification (subdivision C 2 of this section) within a 365-day period, the stewards shall suspend or fine the trainer, practicing veterinarian, or both not to exceed \$1,000 and 15 days.
4. The stewards, in their discretion, may impose other more stringent disciplinary actions against trainers or other permit holders who violate the provisions under which furosemide is permitted by the commission, regardless of whether or not the same horse is involved.

E. Adjunct bleeder medications. The Virginia Racing Commission prohibits the use of bleeder adjunct medication on race day.

F. Program designation. The licensee shall be responsible for designating in the program those horses racing on furosemide. The designation shall also include those horses making their first start while racing on furosemide. In the event there is an error, the licensee shall be responsible for making an announcement to be made over the public address system and taking other means to correct the information published in the program.

G. Discontinue use of furosemide. A trainer or owner may discontinue the administration of furosemide to his horse only with the permission of the stewards and prior to entering the horse in a race.

11VAC10-180-85. Bleeders.

A. Examination of bleeders. A horse that is alleged to have bled in Virginia must be physically examined by the commission veterinarian or a practicing veterinarian who is a permit holder in order to confirm the horse's inclusion on the bleeder list. The veterinarian may conclude a horse is a bleeder under the following circumstances:

1. If the examination takes place immediately following the race or exercise and before the horse leaves the racing surface or test barn, a veterinarian may conclude the horse is a bleeder and an endoscopic examination is not required for inclusion on the bleeder list; or
2. If the examination takes place after the horse leaves the racing surface but within 90 minutes following the finish of a race or exercise in which the horse participated, a veterinarian shall require an endoscopic examination for inclusion on the bleeder list.

B. Confirmation of a bleeder. The commission veterinarian or practicing veterinarian who is a permit holder shall decide, based upon the standard of care a reasonable veterinarian should exercise in similar circumstances, whether the horse suffers from exercise-induced pulmonary hemorrhage and should be placed on the bleeder list. The confirmation of a bleeder shall be certified in writing by the commission veterinarian or practicing veterinarian, and the horse shall be placed on the bleeder list. The confirmation of a bleeder shall be filed with the commission within three days of the confirmation. Upon request, a copy of the certification shall be provided to the owner of the horse or his agent.

C. Posting of bleeder list. The bleeder list shall be maintained by the stewards, with the assistance of the commission veterinarian, and shall be made available upon request. No horse shall be removed from the bleeder list without the approval of the stewards.

D. Recovery period. If it is determined that a horse has bled as determined by this chapter, the horse shall be placed on the bleeders list and may not be permitted to race for at least 14 days. If a horse is determined to have bled within 365 days of the first occurrence, or if the horse bleeds externally on the track or in the test barn while on furosemide, the horse may not race for the following periods of time:

1. 30 days after the first reoccurrence;
2. 90 days after the second reoccurrence; and
3. The horse shall be barred from racing forever at the race meetings licensed by the commission after the third reoccurrence.

For the purpose of counting the number of days a horse is not permitted to race in meetings licensed by the commission, the day the horse bled is the first day of the recovery period, and the horse shall be permitted to race in meetings licensed by the commission when the last day of the recovery period under this chapter expired.

E. Bleeders from other jurisdictions. The commission veterinarian may designate a horse as a bleeder from another jurisdiction based upon information received from that jurisdiction confirming that the horse is a bleeder and that the requirements for inclusion on the bleeder list in Virginia have been satisfied.

11VAC10-180-90. Bicarbonate Testing.

A. Generally. By this regulation, the Virginia Racing Commission prohibits the feeding or administration to a horse on race day of any bicarbonate-containing substance or other alkalinizing substance that effectively alters the serum or plasma pH or concentration of bicarbonates or carbon dioxide in the horse.

B. Test values. A serum or plasma total carbon dioxide level exceeding 37.0 millimoles per liter constitutes a positive test.

C. Testing procedure. The stewards or commission veterinarian may, at their discretion and at any time, order the collection of test samples from any horses present within the enclosure for determination of serum or plasma pH or concentration of bicarbonate, carbon dioxide, or electrolytes. Preracing testing or post-race testing may be done at a time and manner directed by the commission veterinarian. Whether prerace or post-race, the sample shall consist of at least

two blood tubes taken from the horse to determine the serum total carbon dioxide concentration. If the chief racing chemist finds that the total carbon dioxide levels in the tubes exceed the standard test values of 37.0 millimoles per liter, then he shall inform the stewards of the positive test results.

D. Split samples prohibited. The procedures for split sample testing shall not apply to bicarbonate testing procedures.

E. Disciplinary actions. The stewards shall, absent mitigating circumstances specifically noted in their findings, impose the following disciplinary action for violation of this section:

1. First offense: \$2,500 fine and 90-day suspension; loss of purse.
2. Second offense: \$5,000 fine and 180-day suspension; loss of purse.
3. Third offense: Revocation of license.

The stewards also may refer the case to the commission for further disciplinary action.

11VAC10-180-100. Collection of samples.

A. Test barn. Test samples shall be collected in the test barn under the supervision of the commission veterinarian or his designee. The commission veterinarian may, at his discretion, permit test samples to be collected in the horse's stall or any other location he deems appropriate. Under these circumstances, the commission veterinarian shall maintain a written record of his decision.

B. Horses to be tested. The stewards or commission veterinarian may, at any time, order the taking of test samples from any horse stabled within the enclosure of the horse racing facility, prior to racing or after racing including qualifying races and official timed workouts for the stewards or commission veterinarian. However, the stewards shall designate at least one horse from each race for the collection of test samples.

C. Collection procedure.

1. The trainer or a permit holder designated by the trainer shall accompany the horse to the test barn and witness the collection and splitting of the samples. The trainer or permit holder designated by the trainer shall cooperate with the commission veterinarian and the commission's veterinary technicians in the performance of their duties. The trainer or permit holder designated by the trainer must remain with the horse until the horse is released from the test barn.

2. Horses, from which samples are to be collected, shall be escorted, following the race, directly to the test barn by the commission's veterinary technicians and the horses shall remain in the test barn until released by the commission veterinarian, his designee, or the test barn supervisor.

3. Stable equipment, other than common necessities for washing and cooling out a horse, is prohibited in the test barn. A practicing veterinarian may attend a horse in the test barn only in the presence of the commission veterinarian or the commission's veterinary technicians.

4. During the collection of test samples, the owner or trainer, or an assistant designated by the owner or trainer, shall be present and witness the collection of the test sample, the splitting of the sample and sealing of containers. In the case of a claimed horse, the owner or trainer, or an assistant designated by the owner or trainer in whose name the horse started, shall be present to witness the collection of the test samples.

5. The test and split samples collected from a horse shall have identification tags affixed. One portion of the tag, bearing a printed identification number, shall remain with the

sealed test and split samples, and the other portion of the tag bearing the same printed identification numbers shall be detached in the presence of the witness. The commission veterinarian or his designee shall on the detached portion of the tags identify the horse from which the test and split samples were collected, the race and date, and other information deemed appropriate. The detached portion of the tag shall be witnessed by the trainer or a permit holder designated by the trainer, and shall be retained by the commission veterinarian for safekeeping.

6. A horse's identity shall be confirmed by examining its lip-tattoo number, or for a Standardbred, its freeze brand number. A horse that has not been lip-tattooed or a Standardbred that has not been freeze branded shall be reported immediately to the stewards.

7. If, after a horse remains for a reasonable time in the test barn, a test sample of urine cannot be collected from the horse, the commission veterinarian may, at his discretion, collect a test sample of blood or permit the horse to be returned to its barn where a test sample may be collected under the supervision of the commission veterinarian or the commission's veterinary technicians.

11VAC10-180-110. Laboratory Findings and Reports.

A. Primary testing laboratory. The commission shall designate a primary testing laboratory for the analysis of test samples collected under the supervision of the commission veterinarian. The commission shall designate a chief racing chemist within the primary testing laboratory who shall have the authority to report his findings to the executive secretary of the commission, the stewards, and the commission veterinarian.

B. Reference laboratories. The commission shall designate one or more laboratories, other than the primary testing laboratory, as reference laboratories. These laboratories will conduct confirmatory analysis of split samples. Any reference laboratory must be willing to accept split samples for confirmatory testing. Any reference laboratory shall send results to both the person requesting the testing and the commission.

C. Chief racing chemist's responsibilities. The chief racing chemist shall be responsible for safeguarding and analyzing the test samples delivered to the primary testing laboratory. It shall be the chief racing chemist's responsibility to maintain proper equipment, adequate staffing, and acceptable procedures to thoroughly and accurately analyze test samples submitted to the primary testing laboratory.

D. Reporting procedures. The chief racing chemist shall submit to the commission veterinarian a written report as to each test sample analyzed, indicating by identification tag number whether the test sample was negative or there was a chemical identification. All confirmed positive identifications shall be submitted to the executive secretary, the stewards, and the commission veterinarian.

E. Chemical identifications. If the chief racing chemist determines that there is present in the test sample a substance or metabolites of a substance foreign to the natural horse, except those specifically permitted by the regulations of the commission, he shall submit a report of chemical identification to the executive secretary of the commission, the stewards, and the commission veterinarian. In a report of chemical identification, the chief racing chemist shall submit evidence acceptable in the scientific community and admissible in court in support of his determination.

F. Review of chemical identifications. Upon receipt of a report of a chemical identification from the chief racing chemist, the stewards shall conduct a review of the chemical identification,

which shall include, but not be limited to, the chief racing chemist and the commission veterinarian. During the review, the following procedures shall apply:

1. All references to the report of a chemical identification shall be only by the identification tag number of the sample collected from the horse;
2. The chief racing chemist shall submit his written report of the chemical identification and the evidence supporting his finding;
3. The commission veterinarian shall submit a written statement to the stewards including, but not limited to, the class of the substance, the concentration level detected in the sample, if determined, and its probable effect on a racehorse;
4. The stewards may ask questions at any time and request further documentation as they deem necessary;
5. After receiving the appropriate information on the identified substance, the stewards shall determine whether the chemical identification constitutes a violation of the regulations of the commission and whether it should be deemed a positive test result. In doing so, the stewards shall consider, among other things, the concentration level reported, its likely effect on the horse, and whether environmental contamination may have contributed to the test result;
6. In the event of a positive test result, the stewards shall notify the trainer and the owner of the horse of the right to send the split sample collected from the horse to one of the reference laboratories, designated by the commission, for confirmatory testing;
7. If the trainer or the owner elects to send the split sample to a reference laboratory, the stewards shall take no disciplinary action against any permit holder until the results from the reference laboratory are received, and the findings shall be a part of the record of any subsequent hearing; and
8. The chief racing chemist's report of a chemical identification, the commission veterinarian's written statement, the results of confirmatory testing and any other documentation submitted to the stewards shall become part of the record of any subsequent proceedings.

G. A horse from which a positive test sample was collected may be placed on the steward's list until the stewards have made a final determination in the matter. The horse shall not be immune from resulting disciplinary action by the stewards or the commission.

H. Frozen samples. Unconsumed portions of all test samples tested by the primary testing laboratory will be maintained in a frozen state until cleared by the chief racing chemist and permission for their disposal is obtained from the Senior Commonwealth Steward, the Equine Medical Director, or the Executive Secretary.

I. Split samples. The commission veterinarian or his designee shall determine a minimum test sample requirement for the primary testing laboratory. If the test sample collected is less than the minimum requirement, then the entire test sample shall be sent to the primary laboratory.

If the sample collected is greater than the minimum sample requirement but less than twice that amount, the portion of the test sample that is greater than the minimum test sample requirement shall be secured as the split sample.

If the test sample collected is greater than twice the minimum test sample requirement, a portion of the sample approximately equal to the test sample shipped to the primary testing laboratory shall be secured as the split sample.

J. Storage of split samples. Split samples shall be shipped to the testing laboratory with the primary samples. The testing laboratory shall maintain the split samples in a secure and frozen state and when requested by the commission, make the split samples available for further testing,

in accordance with standard protocols for maintaining the chain of evidence. Split samples shall be so maintained at the testing laboratory until permission for their release and disposal is obtained from the Senior Commonwealth Steward, the Equine Medical Director, or the Executive Secretary.

K. Shipment of split samples. The trainer or owner of the horse having been notified of a positive test result may request that the split sample be shipped to one of the reference laboratories designated by the commission. The request must be made in writing and received by the commission not later than three business days after the trainer of the horse receives notification of the positive findings. The split sample shall be shipped to the requested reference laboratory by the testing laboratory. The owner, trainer, or designee shall travel to the storage facility of the testing laboratory to witness the removal, packaging, and shipping procedure unless he has waived this opportunity in writing. Failure of the trainer, owner, or designee to appear at the designated time and place, or otherwise attempting to interfere with the shipment of the split sample or payment of the costs, shall constitute a waiver of all rights to the testing of this split sample. The cost of shipment and additional testing shall be paid in a manner satisfactory to the commission by the permit holder requesting the testing of the split sample. Upon the expiration of this three-day period, the trainer or owner relinquishes his right to request a split sample.
